

**AGENDA**  
**PARK BOARD MEETING**

**201 W. DIGGINS ST.**

**MONDAY, JANUARY 15, 2024 - 6:00 pm**

1. Roll Call
2. Public Comments
3. Approve Minutes of December 11, 2023
4. Project Status/Update
5. Programs and Events
6. Rebuild Illinois Grant
7. Soccer Tournament
8. Budget Discussion
9. Recreation Center Survey Results
10. Financial Report
11. Vandalism Report
12. Mayor's Report
13. Supt. Knop's Report
14. New Business
15. Next Meeting February 19, 2024
16. Adjourn

# FACILITY INSPECTION CHECKLIST

1	INSPECTION DATE:
2	PERSON PERFORMING INSPECTION:
3	FOLLOW UP INSPECTION DATE:

## MILKY WAY PARK

A	NW Baseball/Softball Fields	YES	NO	N/A	UNDETERMINED
1	Is the playing surface (grass or turf) in good condition, free from excessive wear, holes, or tripping hazards?				
2	Are the dugouts and player benches structurally sound and free from any safety hazards?				
3	Is the fencing at the field intact and secure, providing proper safety for spectators and players?				
4	Are the spectator seating areas safe and well-maintained, with no loose or broken seats or railing?				
5	Is the playing field free from debris, foreign objects, or hazardous materials that could pose a risk to players or spectators?				

B	NE Baseball/Softball Fields	YES	NO	N/A	UNDETERMINED

D	SE Baseball/Softball Fields	YES	NO	N/A	UNDETERMINED
1	Is the playing surface (grass or turf) in good condition, free from excessive wear, holes, or tripping hazards?				
2	Are the dugouts and player benches structurally sound and free from any safety hazards?				
3	Is the fencing at the field intact and secure, providing proper safety for spectators and players?				
4	Are the spectator seating areas safe and well-maintained, with no loose or broken seats or railing?				
5	Is the playing field free from debris, foreign objects, or hazardous materials that could pose a risk to players or spectators?				

E	Football Field	YES	NO	N/A	UNDETERMINED
1	Is the football field surface in good condition, free from visible signs of damage, divots, or uneven patches?				
2	Are the goalposts and field markings (e.g., yard lines, end zones) clearly visible and properly maintained?				
3	Is the field free from hazards, such as rocks, holes, or debris, that may pose a risk to players during games?				
4	Are the goalposts on the football field in good condition, free from visible signs of damage, rust, or structural issues?				
5	Is there proper lighting for nighttime games, with functioning light fixtures and visibility throughout the field?				

<b>F</b>	<b>Sports Buildings and Concession Stands (Lady Sting, Harvard Jr. Hornets, Harvard Stingers)</b>	<b>YES</b>	<b>NO</b>	<b>N/A</b>	<b>UNDETERMINED</b>
1	Is the overall structure in good condition?				
2	Are doors and windows secure and functional?				
3	Is the electrical system properly maintained?				
4	Are fire safety measures in place?				
5	Are the structures facilities clean and in working order?				
6	Is there adequate ventilation and temperature control?				
7	Are there any signs of pest infestation?				
8	Are food preparation areas clean and organized?				
9	Are there signs of mold, mildew, or water damage?				
<b>G</b>	<b>Open Field Area</b>	<b>YES</b>	<b>NO</b>	<b>N/A</b>	<b>UNDETERMINED</b>
1	Is the open field area free from large holes or depressions that could pose a tripping hazard?				
2	Are there any visible signs of erosion or soil instability that may compromise the field's integrity?				
3	Is the grass or vegetation on the field properly maintained, with no overgrowth or significant patches of bare ground?				
4	Are boundary markers or field boundaries clearly defined and well-maintained?				
5	Are there any exposed rocks, roots, or other obstacles on the field that could cause injury to users?				
6	Are there any hazardous materials or debris present on the field that could pose a safety risk?				
7	Are emergency access routes and pathways clear and unobstructed for quick response in case of emergencies?				
8	Are there adequate waste disposal bins or containers available for users to dispose of trash and litter properly?				
9	Is the field area free from any visible signs of pest infestation?				
10	Are there trees, and if so, are they well-maintained and free from any potential hazards such as dead branches or instability?				
<b>H</b>	<b>Walking Path (Asphalt and Gravel) / Sidewalks</b>	<b>YES</b>	<b>NO</b>	<b>N/A</b>	<b>UNDETERMINED</b>
1	Is the gravel surface of the path free from large potholes or loose, uneven areas that could be hazardous to pedestrians?				
2	Is the asphalt surface of the path free from cracks, potholes, or other defects that could pose a tripping hazard?				
3	Are outdoor seating structures (e.g., benches, picnic tables) in good condition, free from visible signs of damage or deterioration?				
4	Are seating structures securely anchored or weighted to prevent them from tipping over or being moved by strong winds?				
5	Is the path free from overgrown vegetation, debris, or other obstacles that could impede pedestrian traffic?				
6	Are there designated pedestrian crossings or crosswalks at intersections with roads or other pathways?				
7	Is there proper signage indicating the rules and regulations for the walking path, including hours of use and any special restrictions?				
<b>I</b>	<b>Picnic Shelters</b>	<b>YES</b>	<b>NO</b>	<b>N/A</b>	<b>UNDETERMINED</b>
1	Is the picnic shelter's structure in good condition, free from visible signs of damage, deterioration, or structural issues?				
2	Are the roof and supports free from leaks, holes, or water damage that may affect the shelter's functionality?				
3	Is the picnic shelter clean and free from trash, debris, or graffiti that could detract from its appearance and usability?				
4	Are the picnic tables and seating areas in good condition, with no loose or broken benches, tables, or sharp edges?				
5	Is there adequate lighting in and around the shelter for evening or nighttime use, with functional lighting fixtures?				
6	Are there nearby trash receptacles for visitors to dispose of litter properly, and are they regularly emptied and maintained?				
7	Are there designated barbecue grills or cooking areas, and are they clean, functional, and safe for use by park visitors?				
8	Are there clear signage indicating park rules and regulations, including any restrictions on alcohol, pets, and open flames?				
10	Are there any safety hazards present in or around the picnic shelter area, such as tripping hazards or exposed wiring?				

<b>J</b>	<b>Playground/Fitness Equipment</b>	<b>YES</b>	<b>NO</b>	<b>N/A</b>	<b>UNDETERMINED</b>
1	Are the playground or fitness equipment structures in good condition, free from visible signs of damage, rust, or deterioration?				
2	Are there any sharp edges, splinters, or protruding bolts or hardware that could pose a safety risk to users?				
3	Is the surfacing material under and around the equipment (e.g., rubber mulch, sand, or rubber tiles) in good condition and adequate depth to cushion falls?				
4	Are swings, slides, and other moving parts well-maintained and free from pinch points or entrapment hazards?				
5	Are handrails, guardrails, and safety barriers secure and in place to prevent falls from elevated equipment?				
6	Is there proper signage indicating age-appropriate use, rules, and safety guidelines for the playground or fitness area?				
7	Are there nearby trash receptacles for users to dispose of litter properly, and are they regularly emptied and maintained?				
8	Are outdoor fitness equipment pieces (if applicable) clean and in working order, with no loose or malfunctioning parts?				
9	Is there shade or shelter available to protect users from extreme weather conditions, such as sun or rain?				
10	Are there any safety hazards present in or around the playground or fitness equipment area, such as tripping hazards or broken surfaces?				
<b>K</b>	<b>Bathrooms</b>	<b>YES</b>	<b>NO</b>	<b>N/A</b>	<b>UNDETERMINED</b>
1	Are the bathroom facilities clean and well-maintained?				
2	Are all sinks, faucets, and soap dispensers in working order?				
3	Are there sufficient supplies such as toilet paper, soap, and paper towels available?				
4	Is the restroom well-lit with functional lighting fixtures?				
5	Are the toilets and urinals clean, in working condition, and free from visible damage?				
6	Are there appropriate trash receptacles available for users to dispose of waste properly?				
7	Are there baby changing stations available in family or accessible restrooms?				
8	Is the restroom free from any unpleasant odors or signs of pest infestation?				
9	Are there grab bars or other accessibility features for individuals with disabilities, where required by law?				
10	Are there clear signage indicating restroom rules and hours of operation, if applicable?				
<b>L</b>	<b>Parking Lot</b>	<b>YES</b>	<b>NO</b>	<b>N/A</b>	<b>UNDETERMINED</b>
1	Is the parking lot surface in good condition, free from cracks, potholes, or significant damage?				
2	Are parking spaces clearly marked, with visible lines and designated handicapped spaces where required?				
3	Is there adequate lighting in the parking lot, with functioning light fixtures for nighttime safety?				
4	Are there clearly defined pedestrian walkways and crosswalks, with appropriate signage and markings?				
5	Are there proper drainage systems in place to prevent water accumulation and maintain a dry surface?				
6	Is the parking lot free from overgrown vegetation, debris, or other obstacles that could impede traffic?				
7	Are there speed bumps or traffic-calming measures in areas where necessary for safety?				
8	Are there clear and visible signs indicating parking rules, hours of operation, and any special restrictions?				
9	Are there designated spaces for loading and unloading, if applicable?				
10	Is the parking lot equipped with proper signage and markings for fire lanes and emergency vehicle access?				
<b>M</b>	<b>Other</b>	<b>YES</b>	<b>NO</b>	<b>N/A</b>	<b>UNDETERMINED</b>
1	Are all signs in good condition, free from damage or fading?				
2	Are signs properly installed and securely fastened in place?				
4	Are there any missing or broken signs that need replacement or repair?				
5	Are signs displaying important information, such as safety instructions or regulations, properly positioned and up-to-date?				

6	Is there any visible graffiti?				
7	Are all security cameras in good working order?				
8	Are all of the trash receptacles in good and operating condition?				
9	Are all picnic tables in good and operating condition?				

Dog Park Fence Question

B	Open Field Area	YES	NO	N/A	UNDETERMINED
---	-----------------	-----	----	-----	--------------

1	Is the open field area free from large holes or depressions that could pose a tripping hazard?				
2	Are there any visible signs of erosion or soil instability that may compromise the field's integrity?				
3	Is the grass or vegetation on the field properly maintained, with no overgrowth or significant patches of bare ground?				
4	Are boundary markers or field boundaries clearly defined and well-maintained?				
5	Are there any exposed rocks, roots, or other obstacles on the field that could cause injury to users?				
6	Are there any hazardous materials or debris present on the field that could pose a safety risk?				
7	Are emergency access routes and pathways clear and unobstructed for quick response in case of emergencies?				
8	Are there adequate waste disposal bins or containers available for users to dispose of trash and litter properly?				
9	Is the field area free from any visible signs of pest infestation?				
10	Are there trees, and if so, are they well-maintained and free from any potential hazards such as dead branches or instability?				

C	Walking Path (Asphalt and Gravel) / Sidewalks	YES	NO	N/A	UNDETERMINED
---	---	-----	----	-----	--------------

1	Is the gravel surface of the path free from large potholes or loose, uneven areas that could be hazardous to pedestrians?				
2	Is the asphalt surface of the path free from cracks, potholes, or other defects that could pose a tripping hazard?				
3	Are outdoor seating structures (e.g., benches, picnic tables) in good condition, free from visible signs of damage or deterioration?				
4	Are seating structures securely anchored or weighted to prevent them from tipping over or being moved by strong winds?				
5	Is the path free from overgrown vegetation, debris, or other obstacles that could impede pedestrian traffic?				
6	Are there designated pedestrian crossings or crosswalks at intersections with roads or other pathways?				
7	Is there proper signage indicating the rules and regulations for the walking path, including hours of use and any special restrictions?				

D	Picnic Shelters	YES	NO	N/A	UNDETERMINED
---	-----------------	-----	----	-----	--------------

1	Is the picnic shelter's structure in good condition, free from visible signs of damage, deterioration, or structural issues?				
2	Are the roof and supports free from leaks, holes, or water damage that may affect the shelter's functionality?				
3	Is the picnic shelter clean and free from trash, debris, or graffiti that could detract from its appearance and usability?				
4	Are the picnic tables and seating areas in good condition, with no loose or broken benches, tables, or sharp edges?				
5	Is there adequate lighting in and around the shelter for evening or nighttime use, with functional lighting fixtures?				
6	Are there nearby trash receptacles for visitors to dispose of litter properly, and are they regularly emptied and maintained?				

7	Are there designated barbecue grills or cooking areas, and are they clean, functional, and safe for use by park visitors?				
8	Are there clear signage indicating park rules and regulations, including any restrictions on alcohol, pets, and open flames?				
9	Is there sufficient shade and protection from the elements, such as sun and rain, provided by the picnic shelter?				
10	Are there any safety hazards present in or around the picnic shelter area, such as tripping hazards or exposed wiring?				
<b>E</b>	<b>Playground Equipment</b>	<b>YES</b>	<b>NO</b>	<b>N/A</b>	<b>UNDETERMINED</b>
1	Are the playground or fitness equipment structures in good condition, free from visible signs of damage, rust, or deterioration?				
2	Are there any sharp edges, splinters, or protruding bolts or hardware that could pose a safety risk to users?				
3	Is the surfacing material under and around the equipment (e.g., rubber mulch, sand, or rubber tiles) in good condition and adequate depth to cushion falls?				
4	Are swings, slides, and other moving parts well-maintained and free from pinch points or entrapment hazards?				
5	Are handrails, guardrails, and safety barriers secure and in place to prevent falls from elevated equipment?				
6	Is there proper signage indicating age-appropriate use, rules, and safety guidelines for the playground or fitness area?				
7	Are there nearby trash receptacles for users to dispose of litter properly, and are they regularly emptied and maintained?				
8	Are outdoor fitness equipment pieces (if applicable) clean and in working order, with no loose or malfunctioning parts?				
9	Is there shade or shelter available to protect users from extreme weather conditions, such as sun or rain?				
10	Are there any safety hazards present in or around the playground or fitness equipment area, such as tripping hazards or broken surfaces?				
<b>F</b>	<b>Bathrooms</b>	<b>YES</b>	<b>NO</b>	<b>N/A</b>	<b>UNDETERMINED</b>
1	Are the bathroom facilities clean and well-maintained?				
2	Are all sinks, faucets, and soap dispensers in working order?				
3	Are there sufficient supplies such as toilet paper, soap, and paper towels available?				
4	Is the restroom well-lit with functional lighting fixtures?				
5	Are the toilets and urinals clean, in working condition, and free from visible damage?				
6	Are there appropriate trash receptacles available for users to dispose of waste properly?				
7	Are there baby changing stations available in family or accessible restrooms?				
8	Is the restroom free from any unpleasant odors or signs of pest infestation?				
9	Are there grab bars or other accessibility features for individuals with disabilities, where required by law?				
10	Are there clear signage indicating restroom rules and hours of operation, if applicable?				
<b>G</b>	<b>Other</b>	<b>YES</b>	<b>NO</b>	<b>N/A</b>	<b>UNDETERMINED</b>
1	Are all signs in good condition, free from damage or fading?				
2	Are signs properly installed and securely fastened in place?				
3	Are signs clearly visible and easily readable from a reasonable distance?				
4	Are there any missing or broken signs that need replacement or repair?				
6	Is there any visible graffiti?				
7	Are all security cameras in good working order?				
8	Are all of the trash receptacles in good and operating condition?				
9	Are all picnic tables in good and operating condition?

## Moose Field Park

A	Baseball Fields	YES	NO	N/A	UNDETER-MINED
1	Is the playing surface (grass or turf) in good condition, free from excessive wear, holes, or tripping hazards?				
2	Are the dugouts and player benches structurally sound and free from any safety hazards?				
3	Is the fencing at the field intact and secure, providing proper safety for spectators and players?				
4	Are the spectator seating areas safe and well-maintained, with no loose or broken seats or railing?				
5	Is the playing field free from debris, foreign objects, or hazardous materials that could pose a risk to players or spectators?				
6	Are the light poles and structures secure and free from any signs of deterioration or structural issues?				
7	Are the baseball field lights in working order, with no bulbs or fixtures visibly damaged or out?				
B	Concession Stands	YES	NO	N/A	UNDETER-MINED
1	Is the overall structure in good condition?				
2	Are doors and windows secure and functional?				
3	Is the electrical system properly maintained?				
4	Are fire safety measures in place?				
5	Are the structures facilities clean and in working order?				
6	Is there adequate ventilation and temperature control?				
7	Are there any signs of pest infestation?				
8	Are food preparation areas clean and organized?				
9	Are there signs of mold, mildew, or water damage?				
C	Storage Garage	YES	NO	N/A	UNDETER-MINED
1	Is the overall structure in good condition?				
2	Are doors and windows secure and functional?				
3	Is the electrical system properly maintained?				
4	Are fire safety measures in place?				
5	Are the structures facilities clean and in working order?				
6	Is there adequate ventilation and temperature control?				
7	Are there any signs of pest infestation?				
8	Are food preparation areas clean and organized?				

9	Are there signs of mold, mildew, or water damage?				
<b>D Open Field Area</b>					
		<b>YES</b>	<b>NO</b>	<b>N/A</b>	<b>UNDETER-MINED</b>
1	Is the open field area free from large holes or depressions that could pose a tripping hazard?				
2	Are there any visible signs of erosion or soil instability that may compromise the field's integrity?				
3	Is the grass or vegetation on the field properly maintained, with no overgrowth or significant patches of bare ground?				
4	Are boundary markers or field boundaries clearly defined and well-maintained?				
5	Are there any exposed rocks, roots, or other obstacles on the field that could cause injury to users?				
6	Playground Equipment				
7	Are emergency access routes and pathways clear and unobstructed for quick response in case of emergencies?				
8	Are there adequate waste disposal bins or containers available for users to dispose of trash and litter properly?				
9	Is the field area free from any visible signs of pest infestation				
10	Are there trees, and if so, are they well-maintained and free from any potential hazards such as dead branches or instability?				
<b>E Walking Path (Asphalt and Gravel) / Sidewalks</b>					
		<b>YES</b>	<b>NO</b>	<b>N/A</b>	<b>UNDETER-MINED</b>
1	Is the gravel surface of the path free from large potholes or loose, uneven areas that could be hazardous to pedestrians?				
2	Is the asphalt surface of the path free from cracks, potholes, or other defects that could pose a tripping hazard?				
3	Are outdoor seating structures (e.g., benches, picnic tables) in good condition, free from visible signs of damage or deterioration?				
4	Are seating structures securely anchored or weighted to prevent them from tipping over or being moved by strong winds?				
5	Is the path free from overgrown vegetation, debris, or other obstacles that could impede pedestrian traffic?				
6	Are there designated pedestrian crossings or crosswalks at intersections with roads or other pathways?				
7	Is there proper signage indicating the rules and regulations for the walking path, including hours of use and any special restrictions?				
<b>F Picnic Shelters</b>					
		<b>YES</b>	<b>NO</b>	<b>N/A</b>	<b>UNDETER-MINED</b>
1	Is the picnic shelter's structure in good condition, free from visible signs of damage, deterioration, or structural issues?				
2	Are the roof and supports free from leaks, holes, or water damage that may affect the shelter's functionality?				
3	Is the picnic shelter clean and free from trash, debris, or graffiti that could detract from its appearance and usability?				
4	Are the picnic tables and seating areas in good condition, with no loose or broken benches, tables, or sharp edges?				
5	Is there adequate lighting in and around the shelter for evening or nighttime use, with functional lighting fixtures?				
6	Are there nearby trash receptacles for visitors to dispose of litter properly, and are they regularly emptied and maintained?				
7	Are there designated barbecue grills or cooking areas, and are they clean, functional, and safe for use by park visitors?				
8	Are there clear signage indicating park rules and regulations, including any restrictions on alcohol, pets, and open flames?				
9	Is there sufficient shade and protection from the elements, such as sun and rain, provided by the picnic shelter?				
10	Are there any safety hazards present in or around the picnic shelter area, such as tripping hazards or exposed wiring?				
<b>G Press Boxes</b>					
		<b>YES</b>	<b>NO</b>	<b>N/A</b>	<b>UNDETER-MINED</b>

1	Is the press structure in good condition, free from visible signs of damage, deterioration, or structural issues?				
2	Are the windows, doors, and entry points secure and functional, with no broken glass or malfunctioning locks?				
3	Is the interior of the press box clean and well-maintained, with no trash, debris, or signs of pest infestation?				
4	Are the electrical systems, including outlets, lighting, and communication equipment, in working order and up to code?				
5	Is there proper ventilation or climate control to ensure the comfort of occupants, especially during hot or cold weather?				

H	Bathrooms	YES	NO	N/A	UNDETER-MINED
1	Are the bathroom facilities clean and well-maintained?				
2	Are all sinks, faucets, and soap dispensers in working order?				
3	Are there sufficient supplies such as toilet paper, soap, and paper towels available?				
4	Is the restroom well-lit with functional lighting fixtures?				
5	Are the toilets and urinals clean, in working condition, and free from visible damage?				
6	Are there appropriate trash receptacles available for users to dispose of waste properly?				
7	Are there baby changing stations available in family or accessible restrooms?				
8	Is the restroom free from any unpleasant odors or signs of pest infestation?				
9	Are there grab bars or other accessibility features for individuals with disabilities, where required by law?				
10	Are there clear signage indicating restroom rules and hours of operation, if applicable?				

I	Parking Lot	YES	NO	N/A	UNDETER-MINED
1	Is the parking lot surface in good condition, free from cracks, potholes, or significant damage?				
2	Are parking spaces clearly marked, with visible lines and designated handicapped spaces where required?				
3	Is there adequate lighting in the parking lot, with functioning light fixtures for nighttime safety?				
4	Are there clearly defined pedestrian walkways and crosswalks, with appropriate signage and markings?				
5	Are there proper drainage systems in place to prevent water accumulation and maintain a dry surface?				
6	Is the parking lot free from overgrown vegetation, debris, or other obstacles that could impede traffic?				
7	Are there speed bumps or traffic-calming measures in areas where necessary for safety?				
8	Are there clear and visible signs indicating parking rules, hours of operation, and any special restrictions?				
9	Are there designated spaces for loading and unloading, if applicable?				
10	Is the parking lot equipped with proper signage and markings for fire lanes and emergency vehicle access?				

J	Other	YES	NO	N/A	UNDETER-MINED
1	Are all signs in good condition, free from damage or fading?				
2	Are signs properly installed and securely fastened in place?				
3	Are signs clearly visible and easily readable from a reasonable distance?				
4	Are there any missing or broken signs that need replacement or repair?				
6	Is there any visible graffiti?				

7	Are all security cameras in good working order?				
8	Are all of the trash receptacles in good and operating condition?				
9	Are all picnic tables in good and operating condition?

# FACILITY INSPECTION CHECKLIST

1 INSPECTION DATE:

2 PERSON PERFORMING INSPECTION:

3 FOLLOW UP INSPECTION DATE:

## Park Pointe Park

A	Open Field Area	YES	NO	N/A	UNDETERMINED
1	Is the open field area free from large holes or depressions that could pose a tripping hazard?				
2	Are there any visible signs of erosion or soil instability that may compromise the field's integrity?				
3	Is the grass or vegetation on the field properly maintained, with no overgrowth or significant patches of bare ground?				
4	Are boundary markers or field boundaries clearly defined and well-maintained?				
5	Are there any exposed rocks, roots, or other obstacles on the field that could cause injury to users?				
6	Are there any hazardous materials or debris present on the field that could pose a safety risk?				
7	Are emergency access routes and pathways clear and unobstructed for quick response in case of emergencies?				
8	Are there adequate waste disposal bins or containers available for users to dispose of trash and litter properly?				
9	Is the field area free from any visible signs of pest infestation?				
10	Are there trees, and if so, are they well-maintained and free from any potential hazards such as dead branches or instability?				
B	Walking Path (Asphalt and Gravel) / Sidewalks	YES	NO	N/A	UNDETERMINED
1	Is the gravel surface of the path free from large potholes or loose, uneven areas that could be hazardous to pedestrians?				
2	Is the asphalt surface of the path free from cracks, potholes, or other defects that could pose a tripping hazard?				
3	Are outdoor seating structures (e.g., benches, picnic tables) in good condition, free from visible signs of damage or deterioration?				
4	Are seating structures securely anchored or weighted to prevent them from tipping over or being moved by strong winds?				
5	Is the path free from overgrown vegetation, debris, or other obstacles that could impede pedestrian traffic?				
6	Are there designated pedestrian crossings or crosswalks at intersections with roads or other pathways?				
7	Is there proper signage indicating the rules and regulations for the walking path, including hours of use and any special restrictions?				
C	Fishing Pier	YES	NO	N/A	UNDETERMINED
1	Is the fishing pier structure in good condition, free from visible signs of damage, deterioration, or structural issues?				
2	Are the railings and safety barriers secure and well-maintained to prevent falls into the water?				
3	Is the pier clean and free from trash, debris, or any obstacles that could impede fishing activities?				
4	Are there benches, seating, or fishing amenities available, and are they in good condition for use by anglers?				
D	Playground Equipment	YES	NO	N/A	UNDETERMINED
1	Are the playground or fitness equipment structures in good condition, free from visible signs of damage, rust, or deterioration?				
2	Are there any sharp edges, splinters, or protruding bolts or hardware that could pose a safety risk to users?				
3	Is the surfacing material under and around the equipment (e.g., rubber mulch, sand, or rubber tiles) in good condition and adequate depth to cushion falls?				
4	Are swings, slides, and other moving parts well-maintained and free from pinch points or entrapment hazards?				
5	Are handrails, guardrails, and safety barriers secure and in place to prevent falls from elevated equipment?				
6	Is there proper signage indicating age-appropriate use, rules, and safety guidelines for the playground or fitness area?				
7	Are there nearby trash receptacles for users to dispose of litter properly, and are they regularly emptied and maintained?				

8	Are outdoor fitness equipment pieces (if applicable) clean and in working order, with no loose or malfunctioning parts?				
9	Is there shade or shelter available to protect users from extreme weather conditions, such as sun or rain?				
10	Are there any safety hazards present in or around the playground or fitness equipment area, such as tripping hazards or broken surfaces?				
<b>E</b>	<b>Parking Lot</b>	<b>YES</b>	<b>NO</b>	<b>N/A</b>	<b>UNDETERMINED</b>
1	Is the parking lot surface in good condition, free from cracks, potholes, or significant damage?				
2	Are parking spaces clearly marked, with visible lines and designated handicapped spaces where required?				
3	Is there adequate lighting in the parking lot, with functioning light fixtures for nighttime safety?				
4	Are there clearly defined pedestrian walkways and crosswalks, with appropriate signage and markings?				
5	Are there proper drainage systems in place to prevent water accumulation and maintain a dry surface?				
6	Is the parking lot free from overgrown vegetation, debris, or other obstacles that could impede traffic?				
7	Are there speed bumps or traffic-calming measures in areas where necessary for safety?				
8	Are there clear and visible signs indicating parking rules, hours of operation, and any special restrictions?

<b>ADDITIONAL COMMENTS (Please List Section Letter and Number)</b>					

# HARVARD PARKS AND RECREATION DEPARTMENT

## Potential Recreation Center Preliminary Survey

### Findings Report

---

# City of Harvard

## Parks and Recreation Department

201 W. Diggins St  
Harvard, IL 60033

**DRAFT-2 Completed: 1/10/2024**

**Minimal Corrections from Draft 1**

Created By

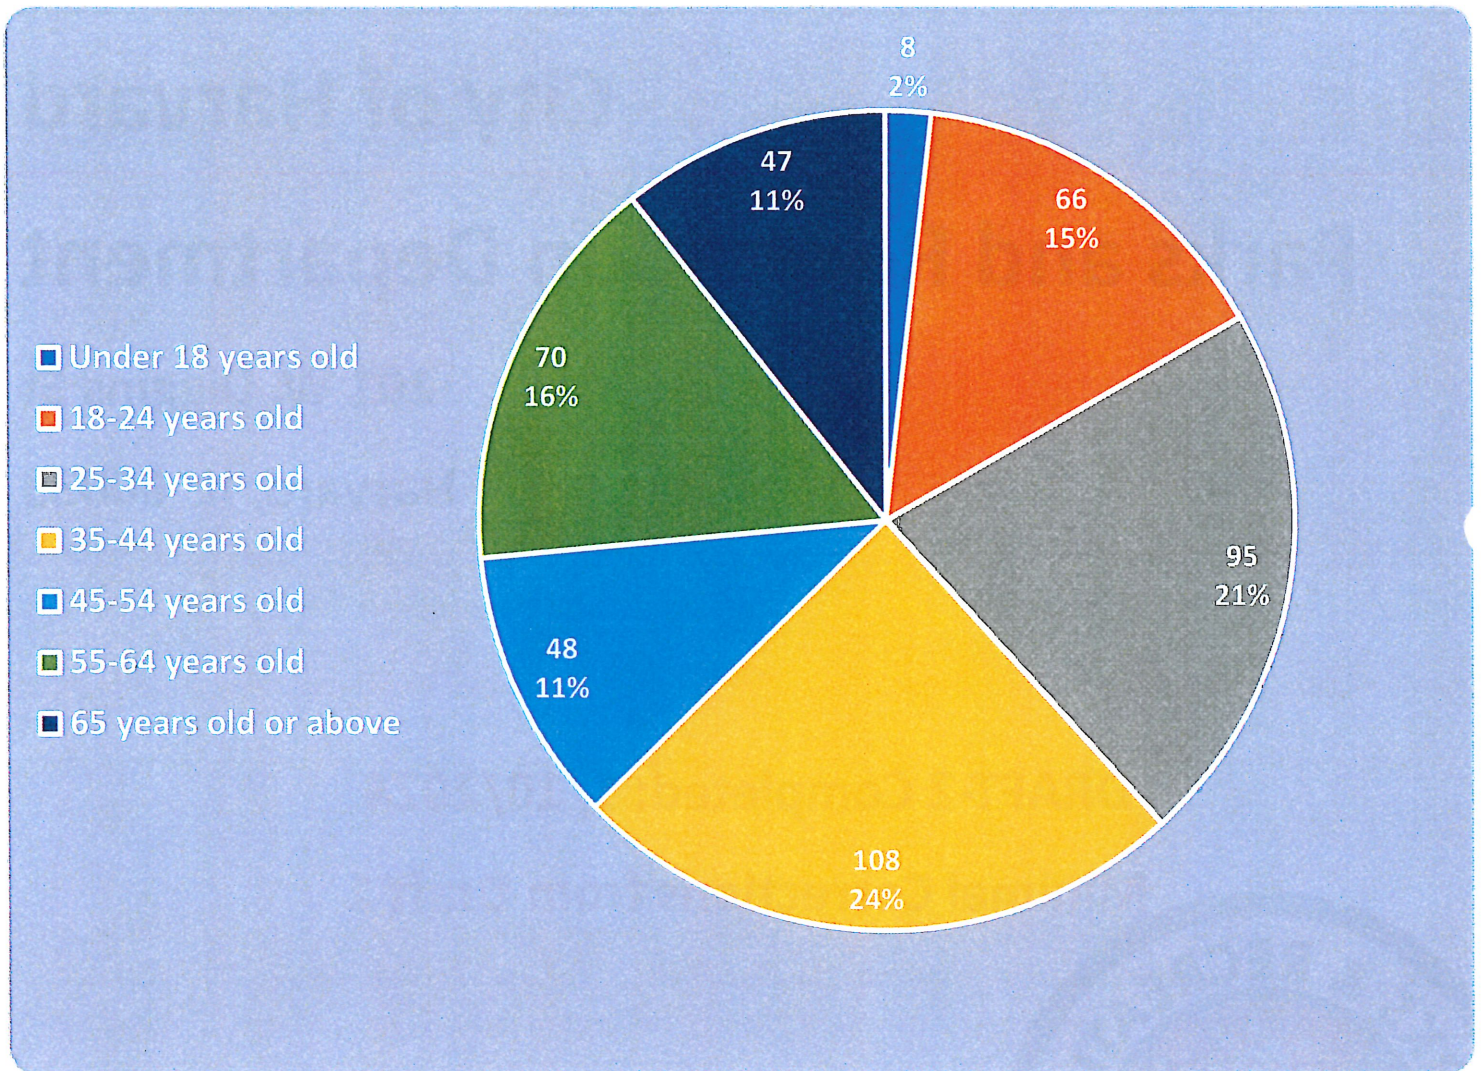

Ryan Knop

Superintendent of Parks and Recreation

# 1. Age Demographics of Responses

Respondents were asked a multiple-choice question to indicate what their age was. The following graph summarizes the key findings.

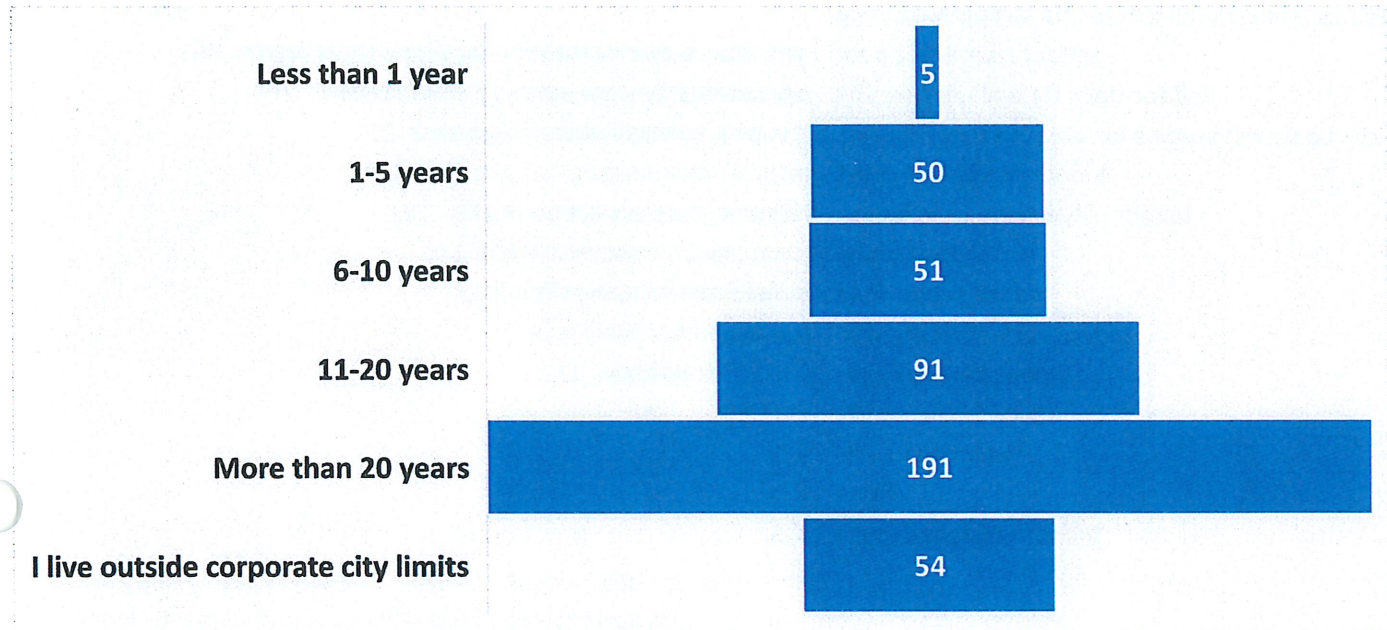

- Sixty Percent (60%) of respondents were in between the ages of 18-44 years old.
  - Total Responses: 442 Total (English: 427, Spanish: 15)

## 2. Length of Residency

Respondents were asked a multiple-choice question to indicate how long they have resided in the City of Harvard. The following graph summarizes the key findings.

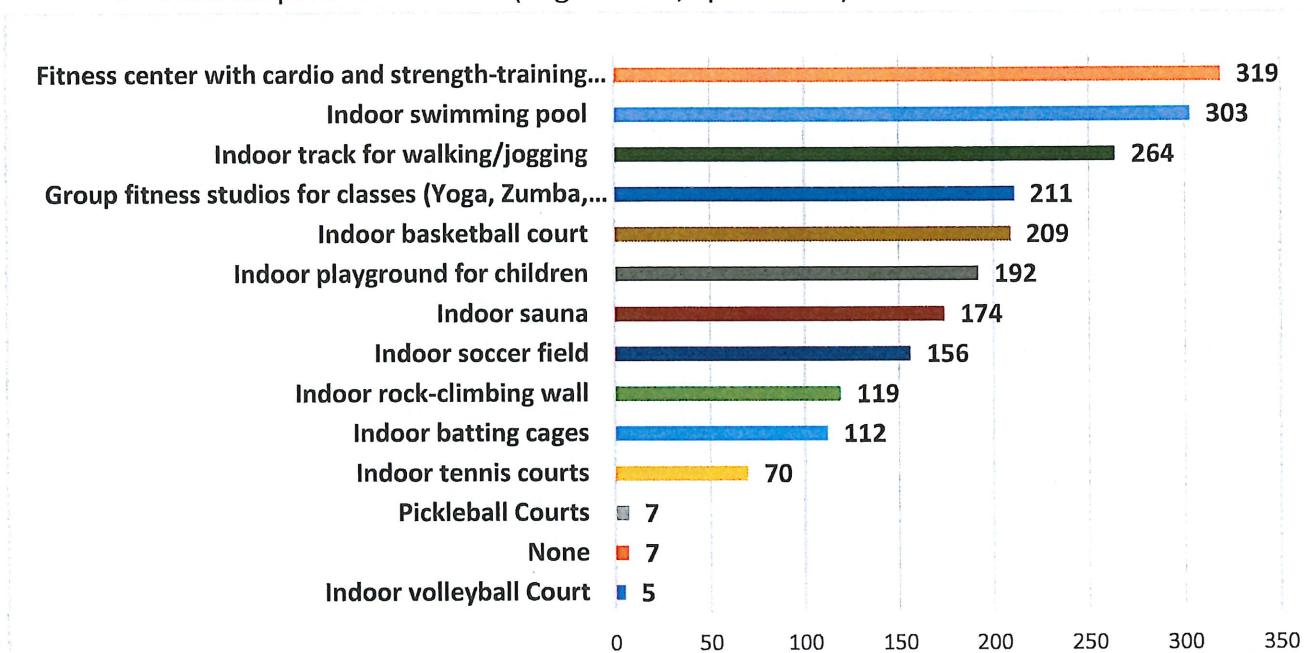

- Forty-Four Percent (44%) of respondents stated they have resided in Harvard for more than 20 years.
  - Total Responses: 442 Total (English: 427, Spanish: 15)

### 3. Indoor Amenities

Respondents were asked a multiple-choice question to indicate what indoor amenities they would like to have in a potential recreation center. The following graph summarizes the key findings.

- Total Responses: 442 Total (English: 427, Spanish: 15)

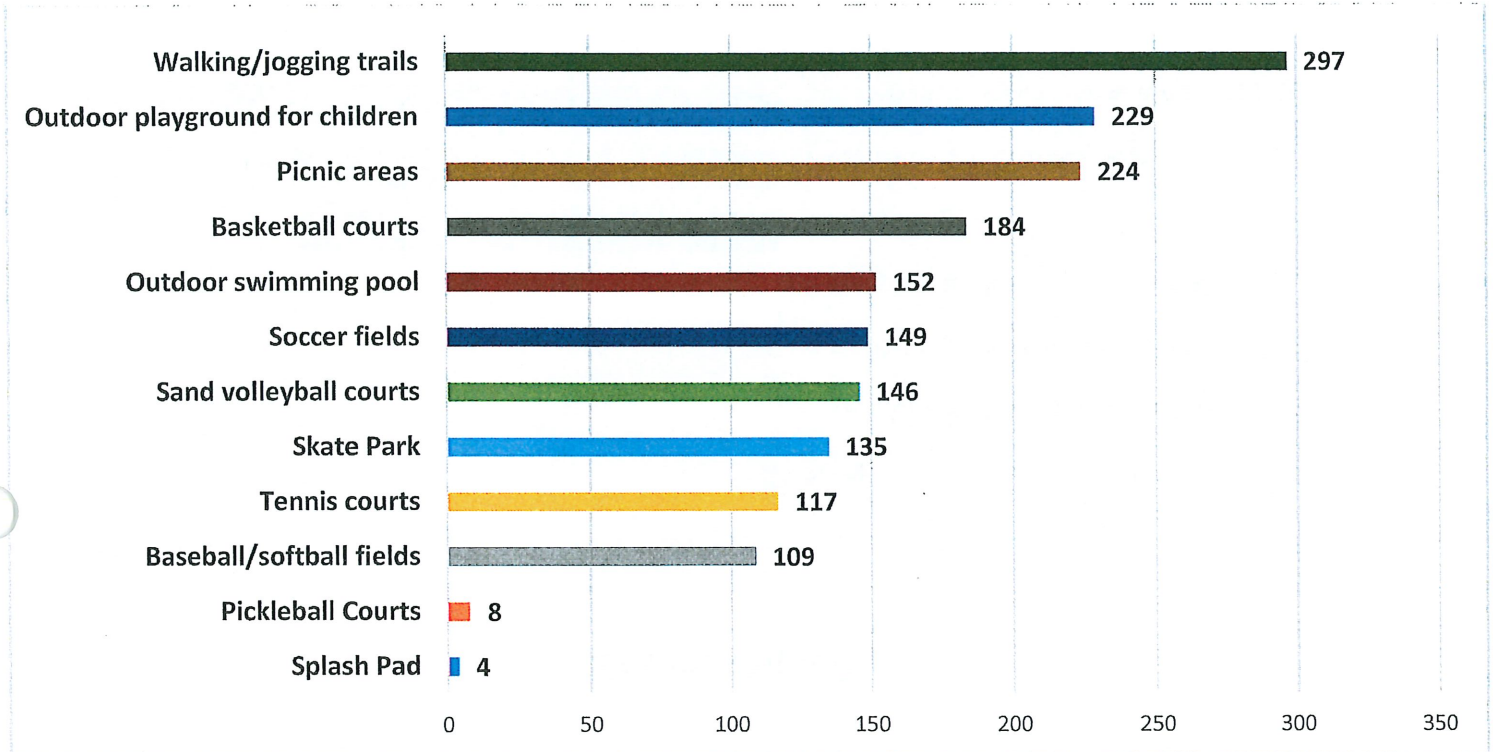

#### Indoor Amenities: Required Question Additional Response

- Hot tub mentioned 2 times
- Splash Pad mentioned 2 times
- Indoor Archery and Air Rifle Range mentioned 2 times
- Indoor Performance Hall mentioned 2 times
- Indoor Softball/Baseball Field and Hall Rental mentioned 2 times
- Classrooms for Youth Activity Classes (e.g., dance and crafts) mentioned 2 times
- Wrestling Mats mentioned 2 times
- Lap Pool mentioned 1 time
- Spa and Wellness Center mentioned 1 time
- Senior Citizen Exercise Classes mentioned 1 time
- Partnering with Woodstock to Avoid Duplicating Facilities mentioned 1 time
- Party Room Rentals, Volleyball Nets, Rooms for Art/Kids Classes mentioned 1 time
- Steam Room mentioned 1 time
- Pilates mentioned 1 time
- Jacuzzi & Cold Plunge mentioned 1 time
- Consider Updating Existing Facilities (underutilized) mentioned 1 time
- Dance Studio mentioned 1 time
- Space for Rent to Residents for Parties mentioned 1 time
- A Stage for Community Theater mentioned 1 time
- Softball/Baseball mentioned 1 time
- All of the Above, with Priority on the Fitness Center mentioned 1 time
- None, Which Is What We Can Afford mentioned 1 time
- None! We Don't Want Our Taxes Raised for This! mentioned 1 time
- We Don't Need a Rec Center mentioned 1 time

## 1. Outdoor Amenities

Respondents were asked a multiple-choice question to indicate what outdoor amenities they would like to have in a potential recreation center. The following graph summarizes the key findings.

- Total Responses: 442 Total (English: 427, Spanish: 15)

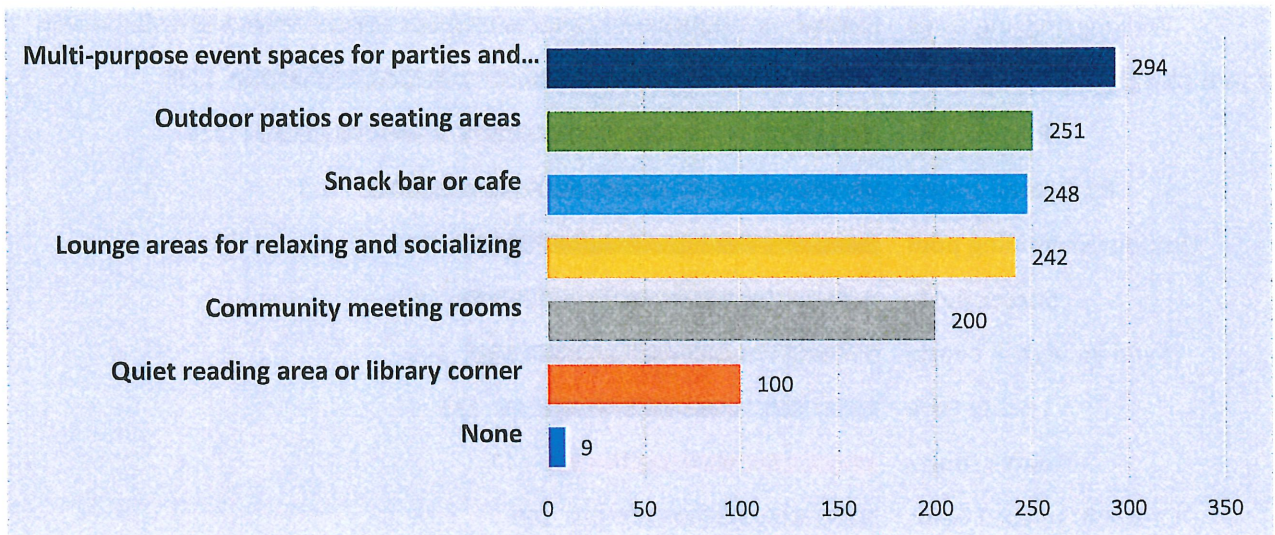

### Outdoor Amenities: Required Question Additional Responses

- Outdoor track, Badminton, biking trails: Mentioned 1 Time
- Golf putting/driving range: Mentioned 1 Time
- It's not that it wouldn't be nice to have this facility, the city should have proposed a year around facility when Tax \$ were wasted on a summer only pool facility. We don't get fooled again: Mentioned 1 Time
- But do not get rid of the current established parks with fields: Mentioned 1 Time
- We would check outdoor: pool, if you're planning on closing the other ones we already have. If we can have both, that would be wonderful: Mentioned 1 Time
- We already have these amenities avail--- we want things to do nearby during the winter: Mentioned 1 Time
- You don't have the money to mow all the parks you have now: Mentioned 1 Time

## 5. What type of social spaces would you like to see in a potential recreation center? (Check all the apply)

Respondents were asked to select various requested social spaces in a potential recreation center. The following graph summarizes the key findings.

- Total Responses: 442 Total (English: 427, Spanish: 15)

### Other Responses:

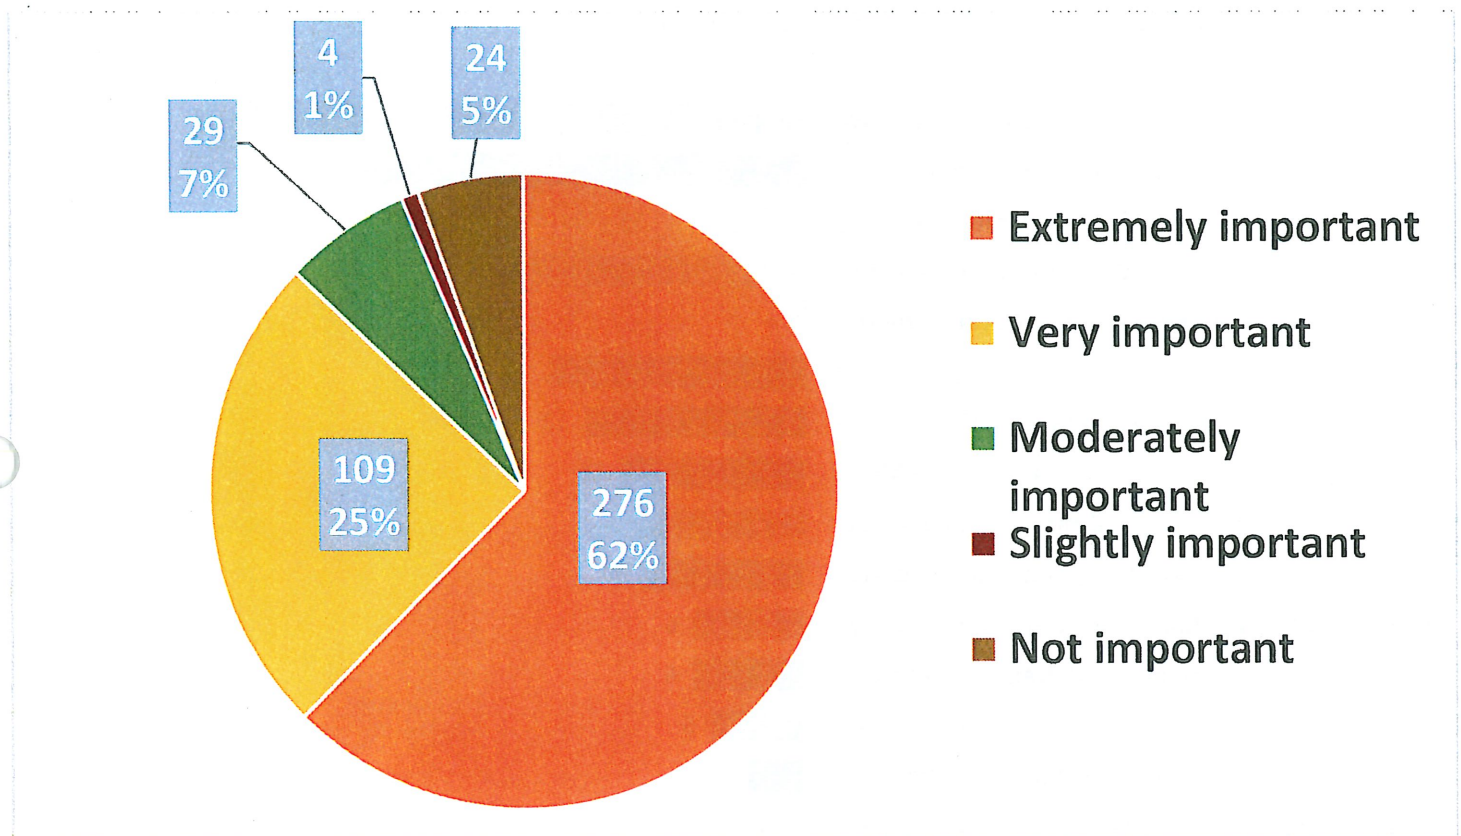

- It's not that it wouldn't be nice to have this facility, the city should have proposed a year around facility when Tax \$ were wasted on a summer only pool facility. We don't get fooled again.
- A grocery store
- How about better sidewalks
- I would not use it
- We currently have all these in one form or another!!
- We dont need a recreation center.
- We have the library for this--- providing this would be a bonus and should be focused on giving teens a socially wholesome place to hang out
- Which park would any of these be put in
- Why was the survey written assuming that people want a rec center?
- You already don't have the money to take care of the parks you have.
- Performance space, bandshell
- Fun place for teens to hangout
- Auditorium/concert space
- Private cafe
- Board game area
- Adult reading book club

## 6. How important is it for a potential recreation center to provide programs and activities for different age groups?

Respondents were asked to select importance of activities for different age groups. The following graph summarizes the key findings.

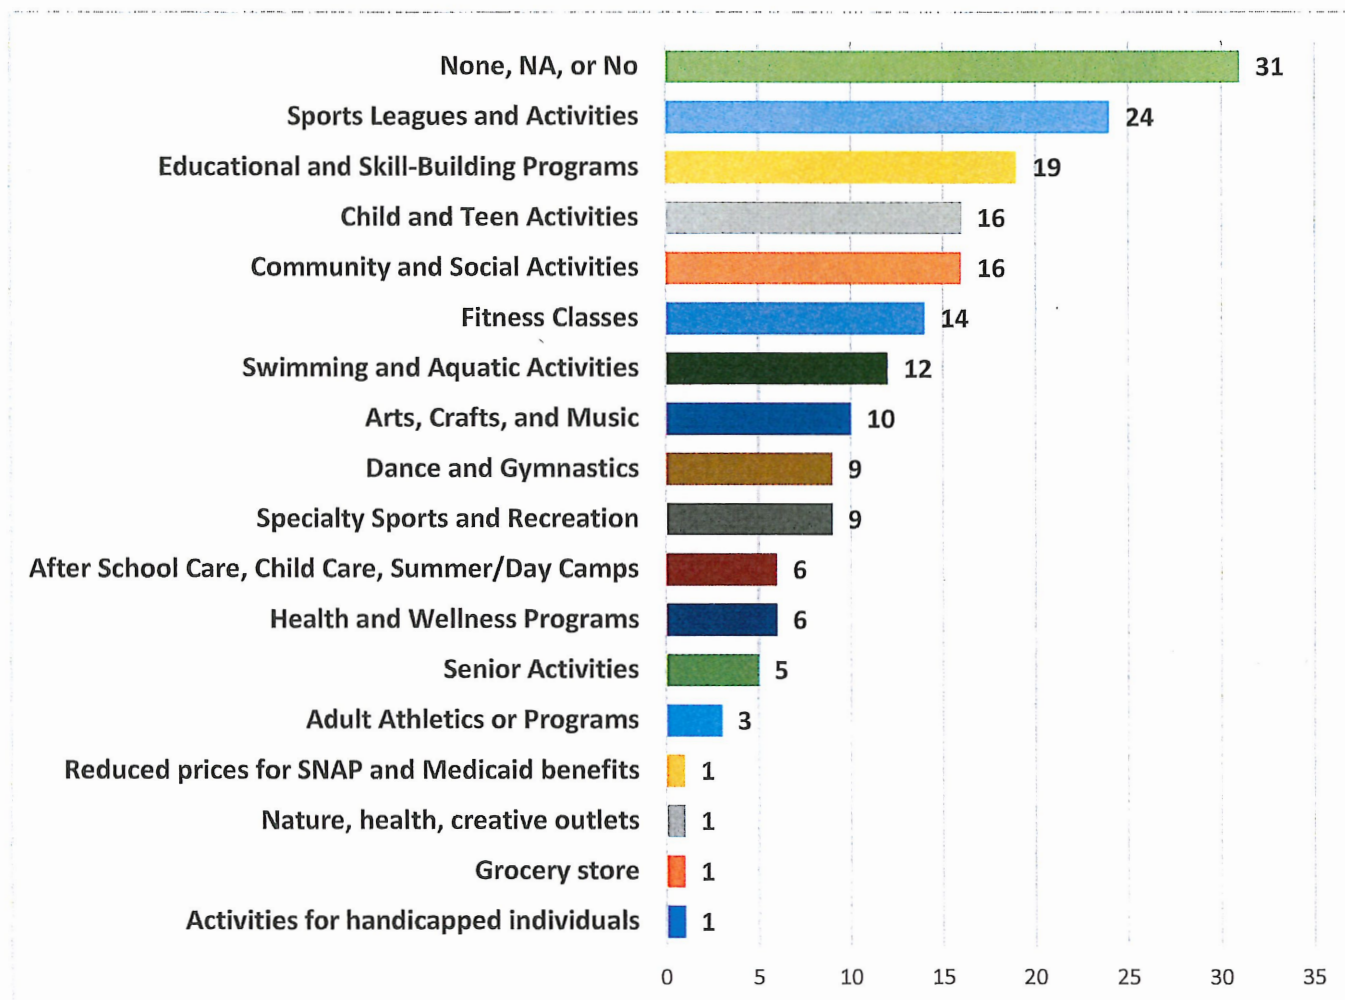

- Eighty-Seven Percent (87%) of respondents selected either extremely or very important.
  - Total Responses: 442 Total (English: 427, Spanish: 15)

## 7. Are there any specific programs or activities you would like to see offered in the potential recreation center? (Please specify) (Optional Question)

Respondents were asked to list specific programs or activities they would like to see offered in the potential recreation center. The following graph summarizes the categories of the key findings.

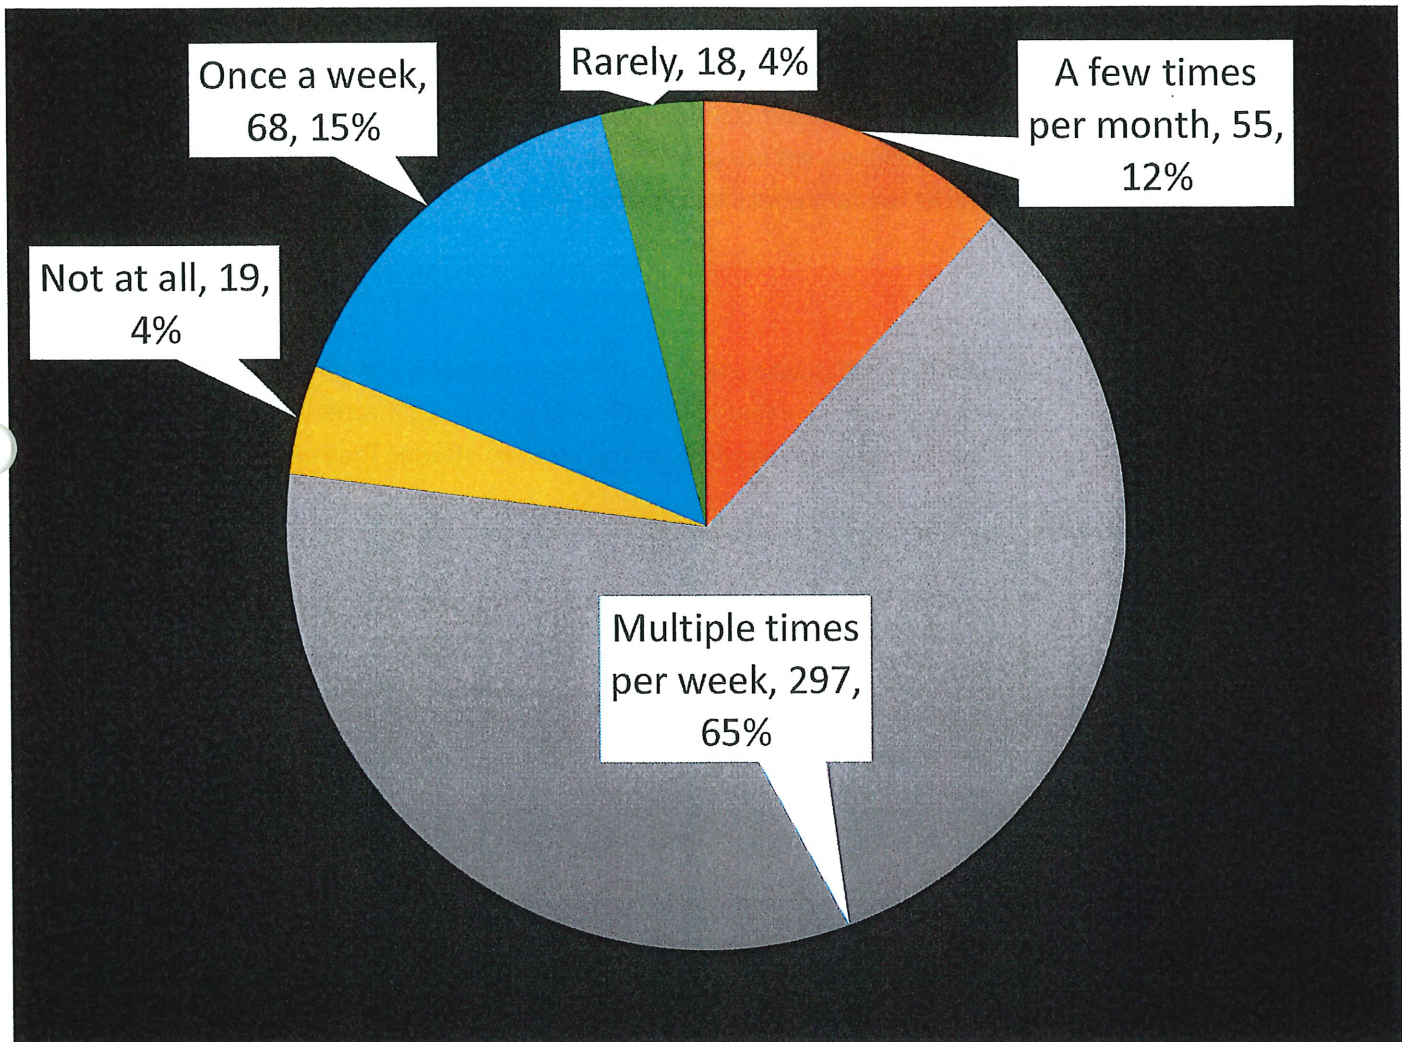

○ Total Responses: 160 Total (English: 155, Spanish: 5)

## 8. How frequently do you anticipate using a potential recreation center?

Respondents were asked to select how frequently they anticipated using a potential recreation center. The following graph summarizes the key findings.

- Sixty-Five Percent (65%) of respondents stated they anticipate using the potential recreation center multiple times per week.
  - Total Responses: 442 Total (English: 427, Spanish: 15)

## 9. Additional Feedback: Is there anything else you would like to share regarding the amenities or features you would like to have in a potential recreation center?

- A healthy juice bar
- A plus one entree free
- A tumbling gym
- Activities for all ages
- Affordability and accessibility for indoor exercise option
- Affordable membership
- An adult book or movie club for younger adults who discuss niche topics
- An auditorium would be such a great asset for our community. Finding venues to host my student music concerts & events has been such a challenge, yet our goal has always been to stay in Harvard.
- An indoor pool could be nice. but the outdoor pool should be removed.
- Arcade
- Bar/restaurant
- Big enough parking lot keep it in mind
- Build it big and versatile with options for all season's hot tub and a sauna even a competition swimming pool too. Think more on the lines of a sports complex that is versatile enough to host a variety of events from sports to special events such as car shows, tractors shows and even trade shows offering food and beverages for events make Harvard a go too event place.
- Cafe Bar!
- Childcare while using the gym and having a family friendly facility is a must for parents who want to utilize the center. Having a space for youth gymnastics would also be a wonderful idea.
- Cost should be affordable and should be handicap accessible
- Crafts, chess, sewing classes
- Discount if you live in city limits or go to Harvard Schools.
- Don't want taxes to go up to pay for it.
- Even if we have to start small but have the capability to expand overtime would be very beneficial because we need things for people to do.
- FOR THE PRICE RANGE I CLICKED IT WOULD HAVE TO HAVE AN INDOOR POOL, OTHERWISE 40-50 RANGE
- Handicap lift & availability for NISRA for programs in a Harvard rec center
- Harvard already has fitness centers. We don't need this tax burden nor a legacy for Mayor Kelly.
- Have we explored a partnership with Woodstock where Harvard subsidizes Harvard resident memberships to use their rec center and water works? Or with Dorr Township to perhaps expand senior programming to Harvard's senior center?
- Hours extending until 9pm for those who get off work late
- How are you going to control gang activity and access
- I feel this would be good for the community and building relationships amongst Harvardians

## Parks and Recreation Community Needs Assessment Survey Findings Report

- I have lived in Harvard all my life and am now raising children in this community. I would love to see more added for our youth to benefit them. Having a fitness center would also benefit the entire community.
- I like the activities that Crystal Lake is able to offer, the Woodstock Rec Center is a nice building that contains all the amenities listed in this survey; it doesn't just have to be planned sports, open gym volleyball or pickleball, or renting courts/rooms for teams to utilize to practice or for parties
- I think it is amazing that we are looking into this! It is something that I miss from living in Cary and Woodstock, so it is nice to see that, even in the very earliest stages, this is something the city is looking in to
- I think one of the problems we see a lot in Harvard is just repeating the same thing (multiple Mexican food, pizza, donut, fast food burgers, pubs over and over so I think it should be emphasized on bringing in new amenities more than doing things we already have (a pool, soccer fields, baseball diamonds, tennis courts). And I have said with how many children are in our community they really need some fun places to play and learn with youth classes. An indoor playground would be amazing for the winter months as well!
- I think this whole idea is a reach. Our limited funding would be better served spent realistically!
- I would like the programming to be available in Spanish too so that everyone in the community be aware of the things going on in the rec center.
- I would like to see this done in less than the 13 years it took to replace the water treatment plant.
- I would love for the rec center to be more than just a gym that people spend an hour or two at then leave. It would be amazing if it could provide some kind of food (via the cafe perhaps) along with space for working/reading/socializing etc. Something like ping pong tables or board games could help encourage people to stick around before/after working out. The indoor jogging track is also very important to me for the winter - I could see many groups utilizing this. Private businesses might even be interested in leasing space if people were inclined to spend time at the rec center.
- I've seen many other recreation facilities use their basketball courts for multiple purposes such as volleyball courts, pickle ball courts, futsal courts, batting space area, etc. As well as indoor soccer fields being used as indoor flag football, indoor baseball training, etc.
- If we were able to finally get a recreational center then I would be saving gas instead of going to Woodstock. I know several people that go workout at Woodstock because anytime fitness is overpriced for very limited options
- indoor amenities for all
- Is important to have something for people that have the need to travel out of city to get physical therapy
- Is there anything else you would like to share regarding the amenities or features you would like to have in a potential recreation center?
- It needs to be welcoming to all ages & not just a hang- out for teenagers.
- It would be a very good investment not only for Harvard but the community of Harvard, I heard a bit of complaints from different people on how they built the storage units next to dollar general and how they should've built something more appealing for Harvard and
- It's not that it wouldn't be nice to have this facility, the city should have proposed a year around facility when Tax \$ were wasted on a summer only pool facility. We don't get fooled again.
- Just wanted to say I hope this wouldn't be paid for by any increase in taxes. Also nice would be a safe area with cameras to meet with people when you're buying or selling (like from eBay or FB Market).
- Locker rooms to change, snack bar
- lower our property taxes

## Parks and Recreation Community Needs Assessment Survey Findings Report

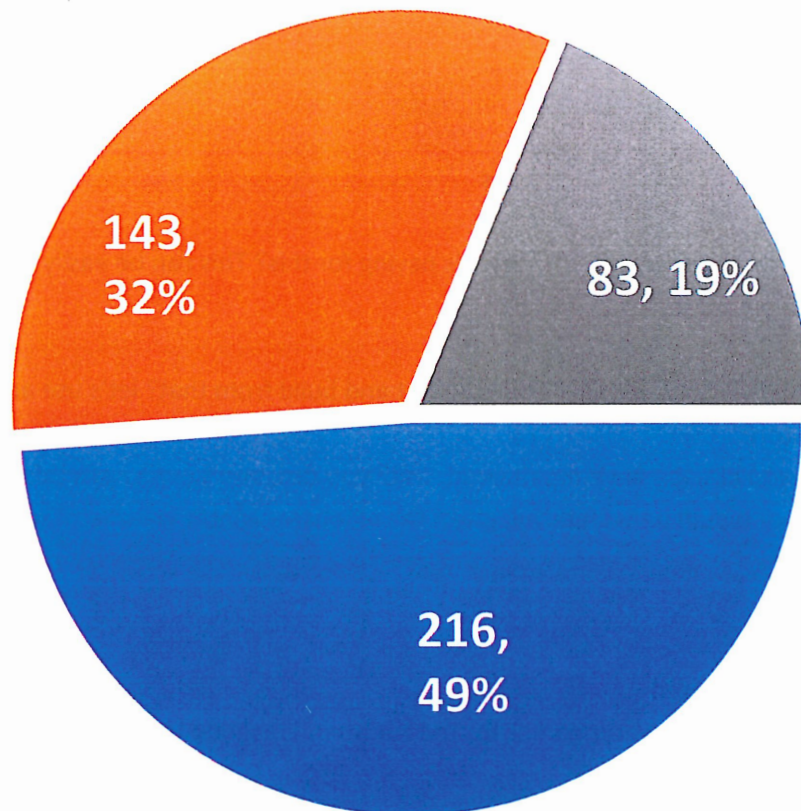

- Make sure that the total cost of operating/maintaining the center is presented to the public before moving forward with the project.
- Memberships
- Most was said in the last question. This needs to be versatile. The food vendor idea, SAGE YMCA put it in and at first it was a flop. It would be interesting to see the plan now. I think you also look at dance and martial arts room. The indoor facility in New Berlin WI is also another example of a versatile buildout.
- N/A
- N/A
- n/a
- N/A
- NA
- Need to fix streets. Local businesses will be crushed by this
- No
- No
- No
- No
- no
- No
- No
- No
- No
- No
- No
- No signs in Spanish.
- Not really at this time.
- Offerings of after school programs, maybe run by adult volunteers.
- Our community really needs this.
- Outdoor R.C. track or crawling area
- Persons who are in charge nit be afraid to enforce facility rules.
- Safety, security
- Sandbox in shape of boat. Lots of benches in flower garden setting. Couple small Gazebos with table and seating. Maze like paths to explore.
- Senior specific amenities- being accessible
- Skate Park
- Small area of turf for either soccer or football
- Soccer indoor field would be appreciated
- Something for the kids ..they are bored and no place to go..
- Somewhere for our kids clubs so we don't have to go to wdsk or CL
- start simple build big. Look at the McHenry Rec center as a reference.
- Stop wasting taxpayer money
- The Children are our Future! Make this with Young athletes in mind and room for Aerobics, Cheerleaders Baseball, Volleyball and Football(indoors) GO Bigger than you think you need !like a Football dome! This will be justified when all the parents keep the kids in Harvard instead of farming them out to all other communities!

- The children/ young adults of Harvard need places to hang out & activities
- The current outdoor Harvard pool doesn't stay open nearly long enough, needs to open earlier and stay open later (maybe 5am-10pm), plus be open till October. It's still close to 80 outside right now and it's only September 27th. I've been using Woodstock recreation center and that's a bit of a drive.
- The frequency of my participation would depend on the amenities
- The list is enough
- The rec center should have a large focus on the youth. This includes sport teams and education (life skills, crafts, and general tool use programs ex: wood working)
- The weight room area specifically, spacious with equipment similar/better than the Woodstock Rec center. But I recommend if a pool will be installed indoors to keep it farther from the weight room to prevent the humidity/smell
- There needs to be safety / security in place. Harvard isn't safe anymore
- things for kids and the elderly to do
- This sounds like more money that no one has.
- This would be a huge asset to the city of Harvard
- This would be a waste of money!
- This would greatly benefit the community
- Water aerobics
- We can set up specific nights for specific sports
- We need a good lifting gym!!
- Where are the funds for this coming from? Who is paying for this? This can be easily provided by the private sector! Are you out of your minds?!
- Who's funding this
- why don't we try something on a smaller scale to start and build from that? let's use an existing vacant building like the old grocery store.
- You can't keep what you already have maintained. Until you can, don't even have this discussion.
- An indoor walking track would be wonderful, given the extensive winter weather it would be a gift to have that walking track.
- children's area
- Safe places for children
- And that we were all very united
- I would love for them to put up water games for the summer. I'm going to Huntley or wherever there is, especially with the younger children

## 10. Would you be interested in volunteering or contributing to the programming or operation of a potential recreation center?

Respondents were asked to select specific programs or activities they would like to see offered in the potential recreation center. The following graph summarizes the key findings.

- Forty-Nine Percent (49%) of respondents stated they might consider volunteering or contributing to programming or operation of a potential recreation center.
  - Total Responses: 442 Total (English: 427, Spanish: 15)

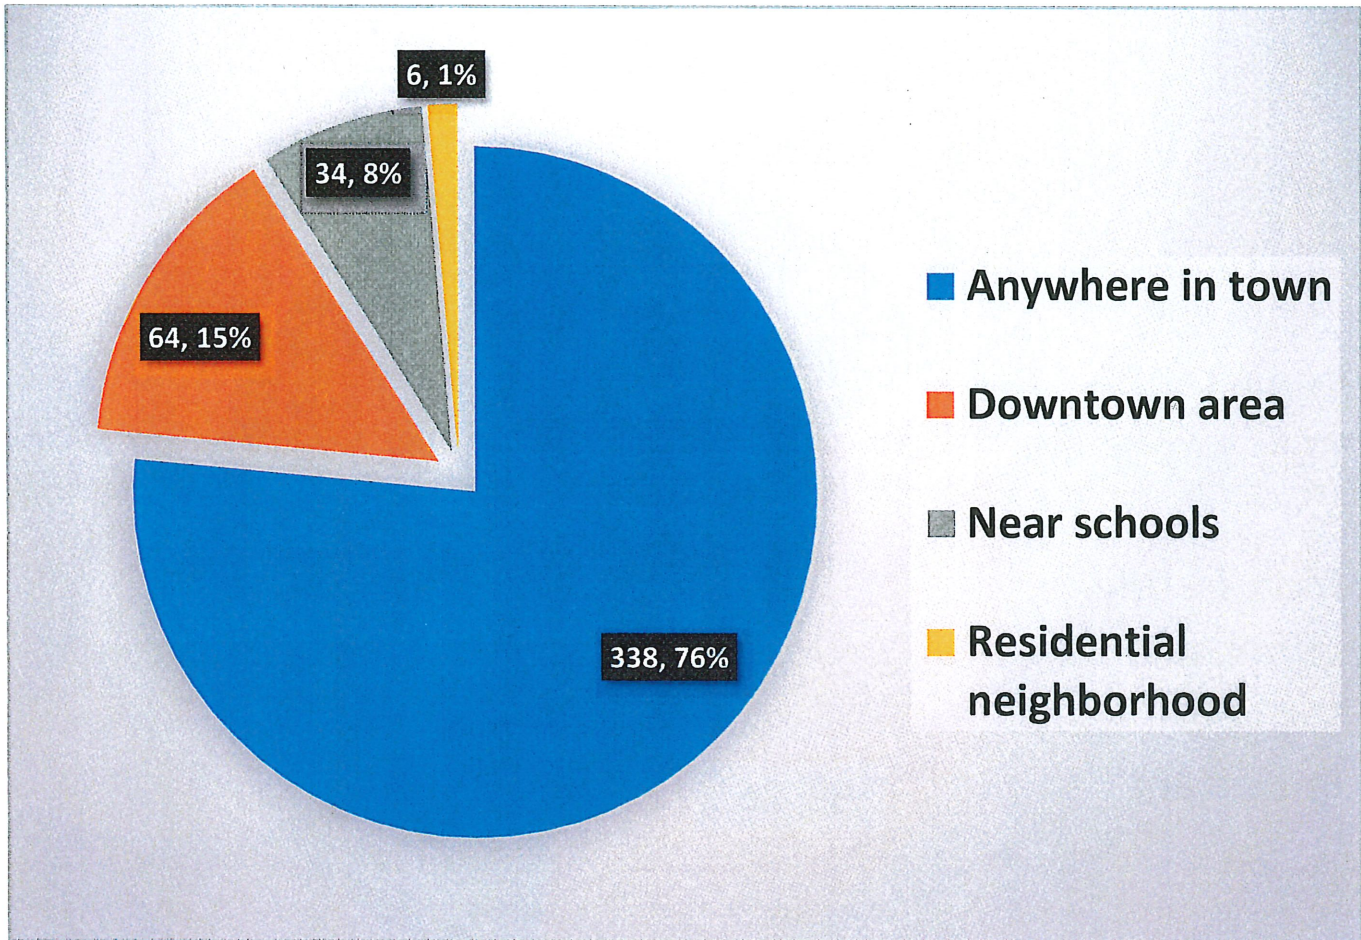

■ Maybe ■ No ■ Yes

# 11. What location would be most convenient for you for a potential recreation center?

Respondents were asked to select where the most convenient location for potential recreation center would be for them. The following graph summarizes the key findings.

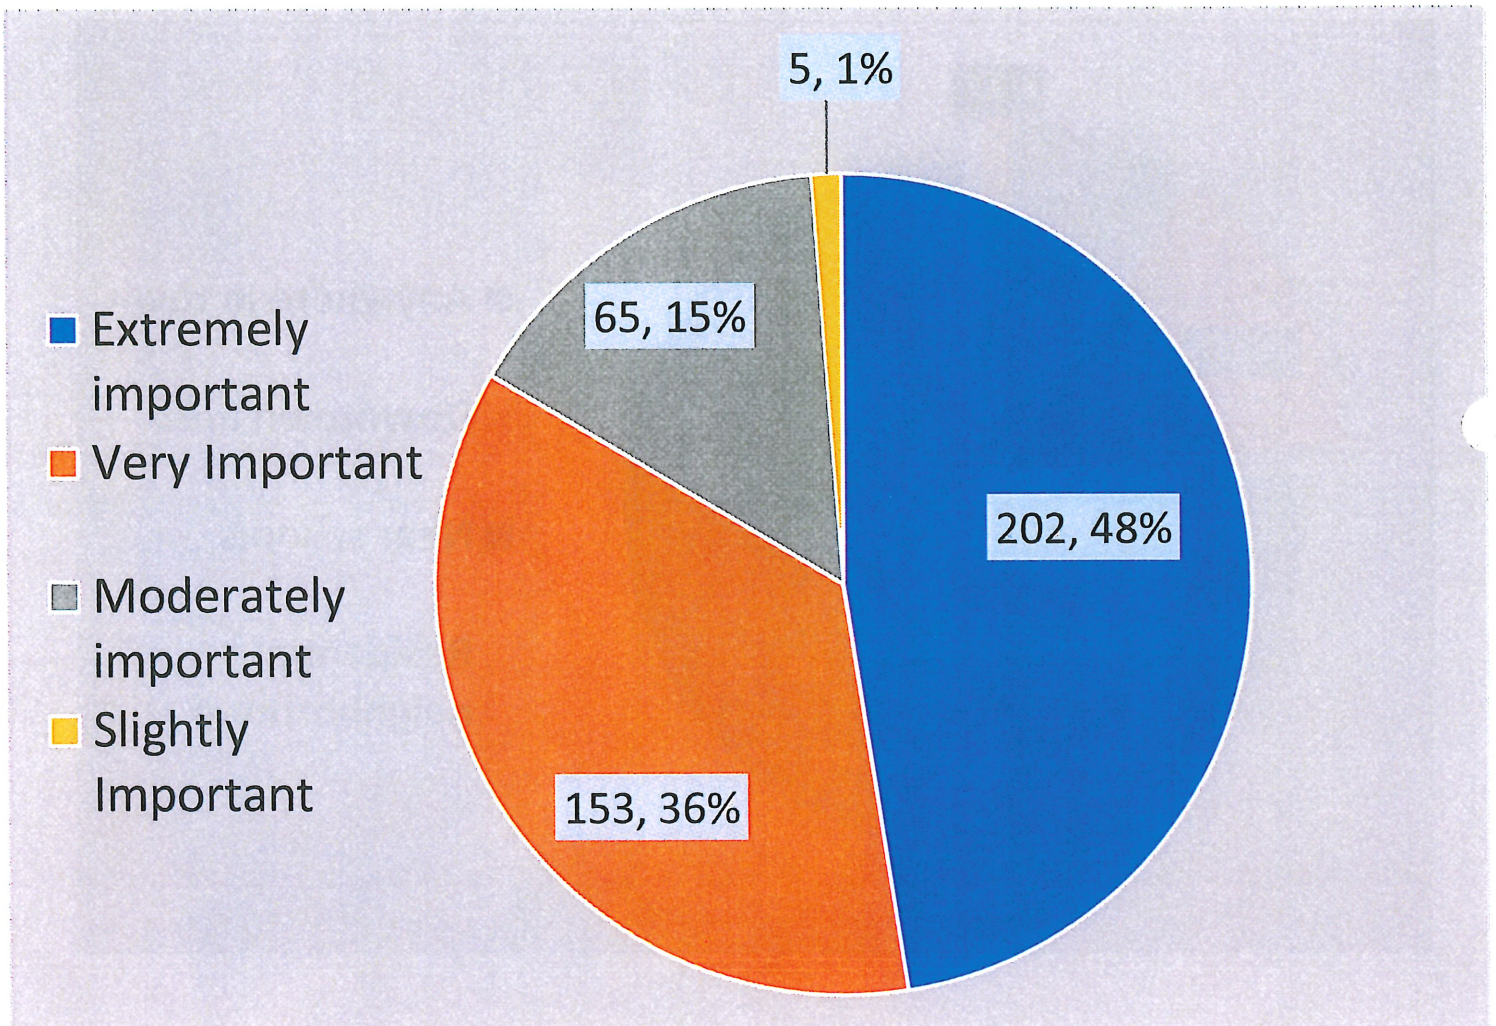

- Seventy-Six Percent (76%) of respondents selected anywhere in town.
  - Total Responses: 442 Total (English: 427, Spanish: 15)

## 12. How important is it for a potential recreation center to have ample parking facilities?

Respondents were asked about their opinion of ample parking at a potential recreation center. The following graph summarizes the key findings.

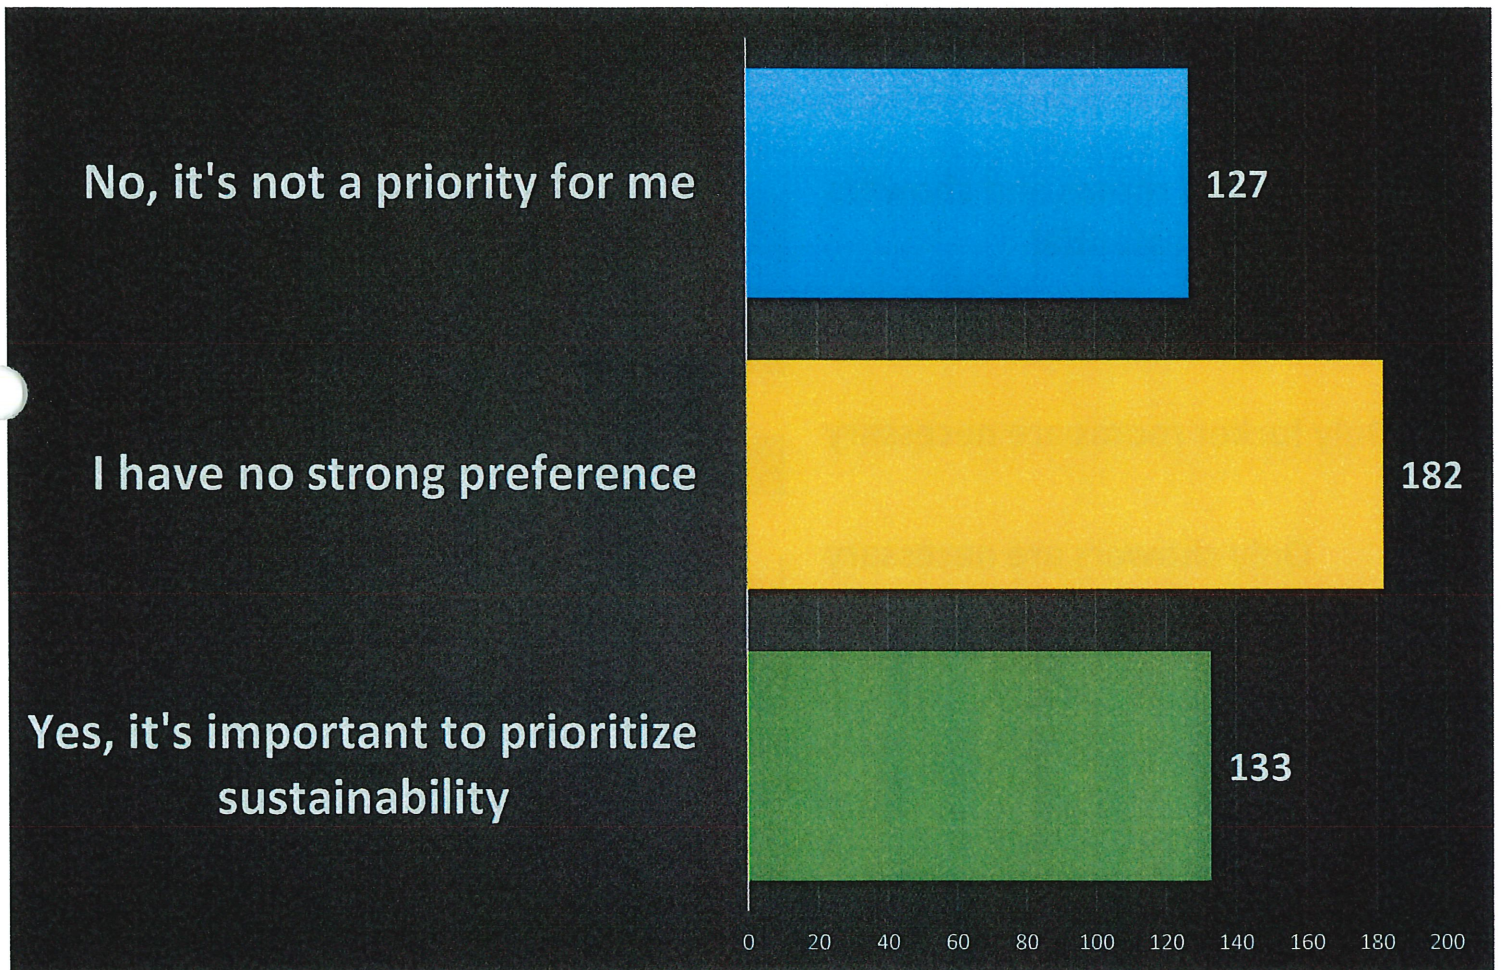

- Eighty-Four Percent (84%) of respondents selected either extremely or very important.
  - Total Responses: 442 Total (English: 427, Spanish: 15)

### 13. Would you prefer a potential recreation center to have environmentally friendly features (e.g., electric vehicle charging stations, solar panels, energy-efficient systems)?

Respondents were asked to select if they would prefer environmentally features at a potential recreation center. The following graph summarizes the key findings.

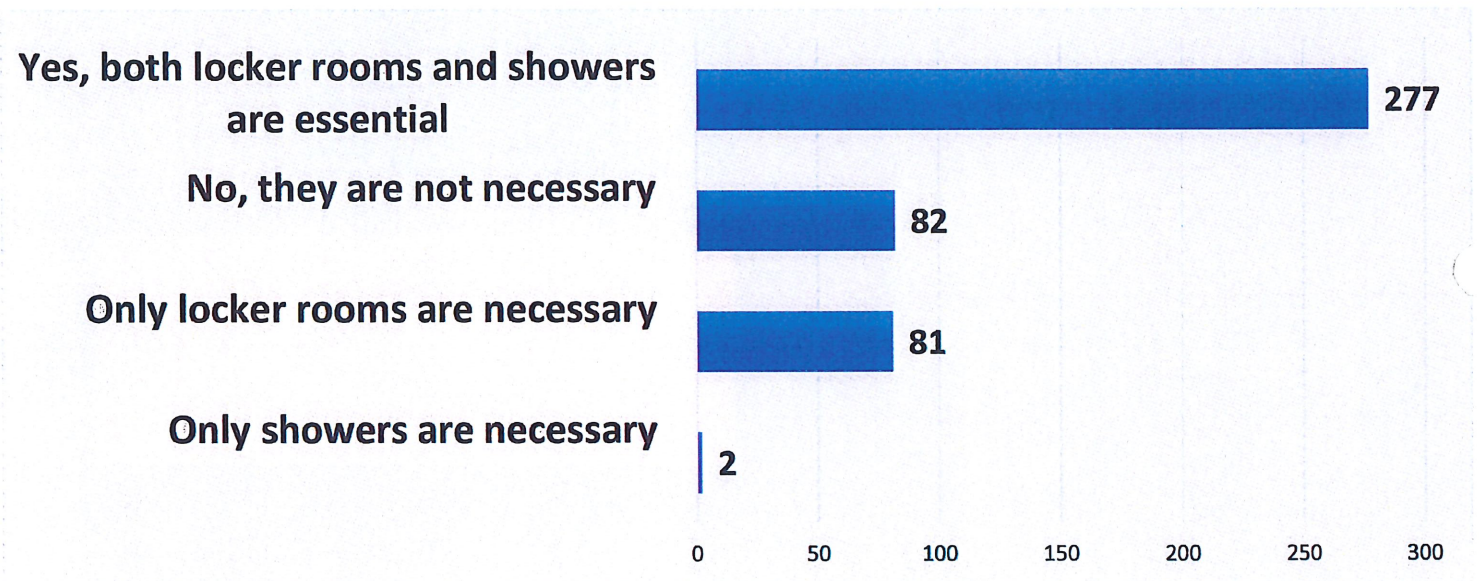

- Forty-One Percent (41%) of respondents stated they have no strong preference.
  - Total Responses: 442 Total (English: 427, Spanish: 15)

## 14. Should a potential recreation center include locker rooms and shower facilities?

Respondents were asked to select specific programs or activities they would like to see offered in the potential recreation center. The following graph summarizes the key findings.

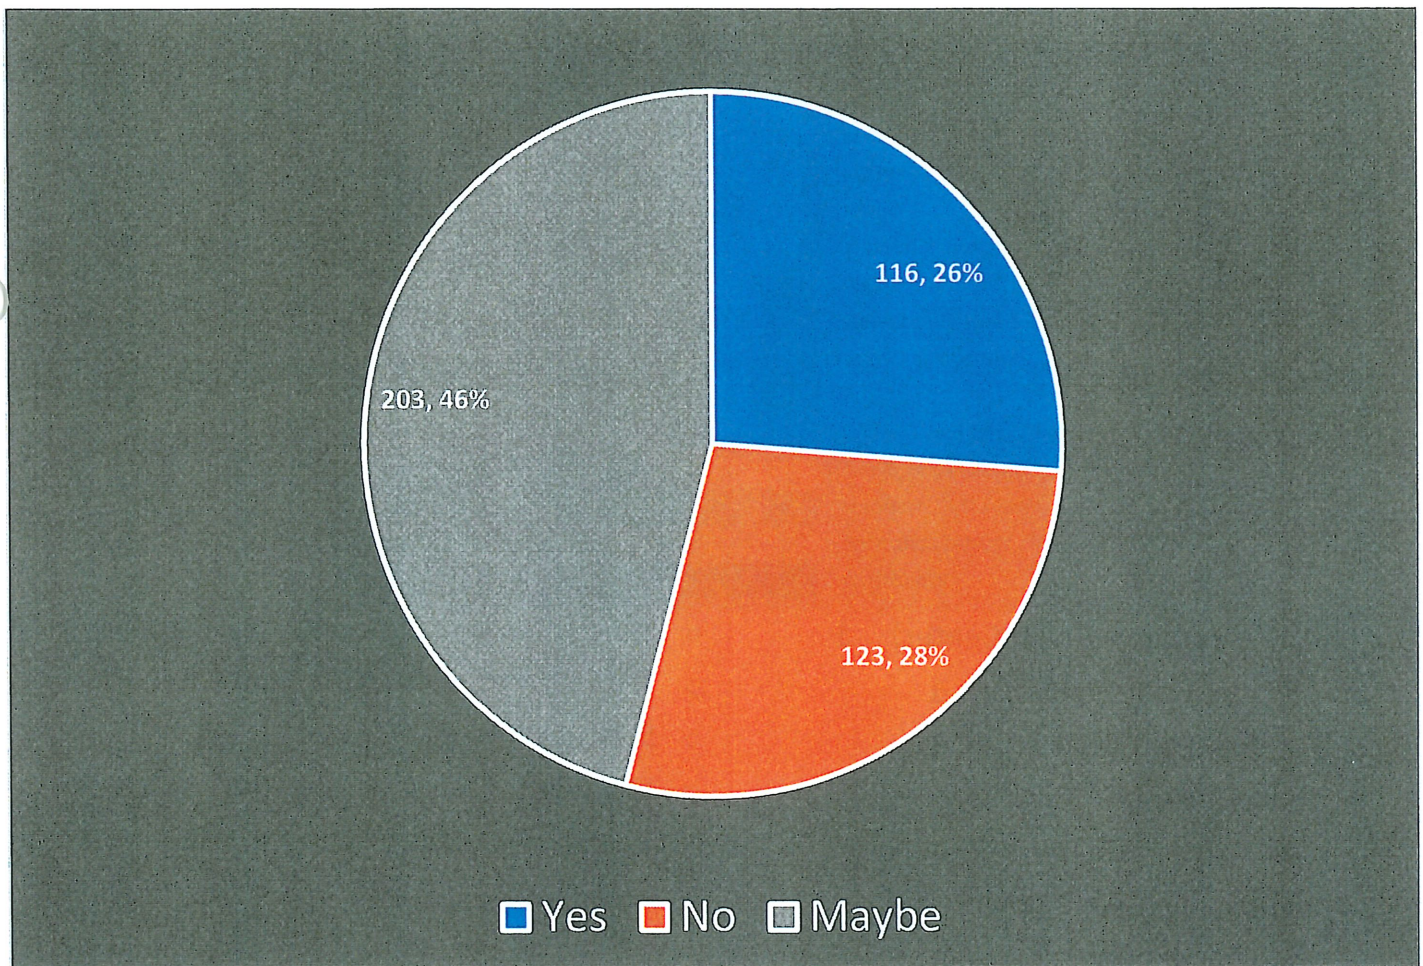

- Sixty-Three Percent (63%) of respondents stated a recreation center should have both locker rooms and showers as an essential feature.
  - Total Responses: 442 Total (English: 427, Spanish: 15)

### 15. Would you be interested in participating in community focus groups or town hall meetings to provide further input on the design and amenities of a potential recreation center?

Respondents were asked if they would be interested in participating as part of a community focus group for a potential recreation center. The following graph summarizes the key findings.

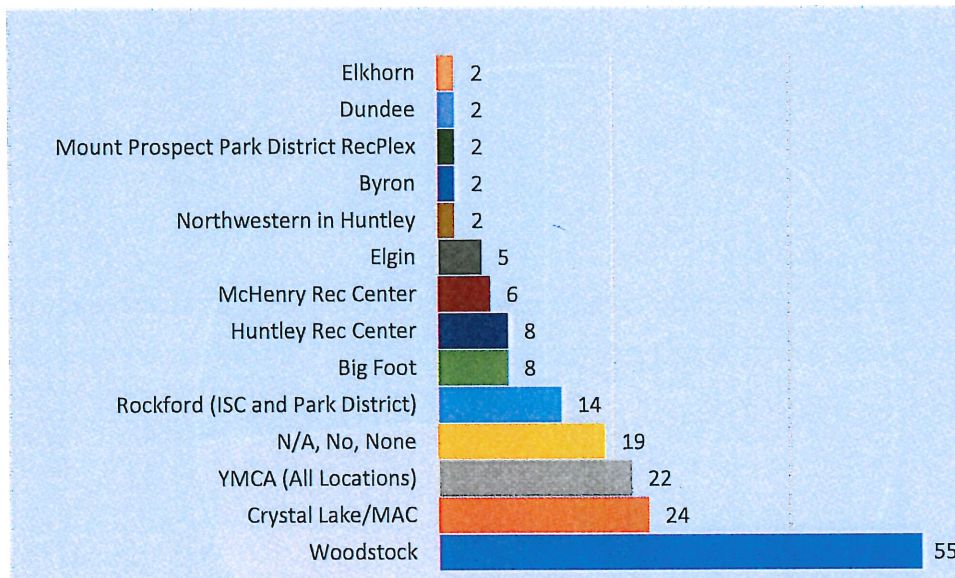

- Forty-Six Percent (46%) of respondents selected maybe.
  - Total Responses: 442 Total (English: 427, Spanish: 15)

**16. Are there any existing recreation centers or facilities in other communities that you believe could serve as a model for a potential recreation center in Harvard? (Please provide details if applicable)**

Respondents were asked to provide information on other facilities that could be used as a model for a potential recreation center. The following graph summarizes the key findings.

- Thirty-Eight Percent (38%) of respondents mentioned Woodstock as model.
  - Total Responses: 146 Total (English: 143, Spanish: 3)

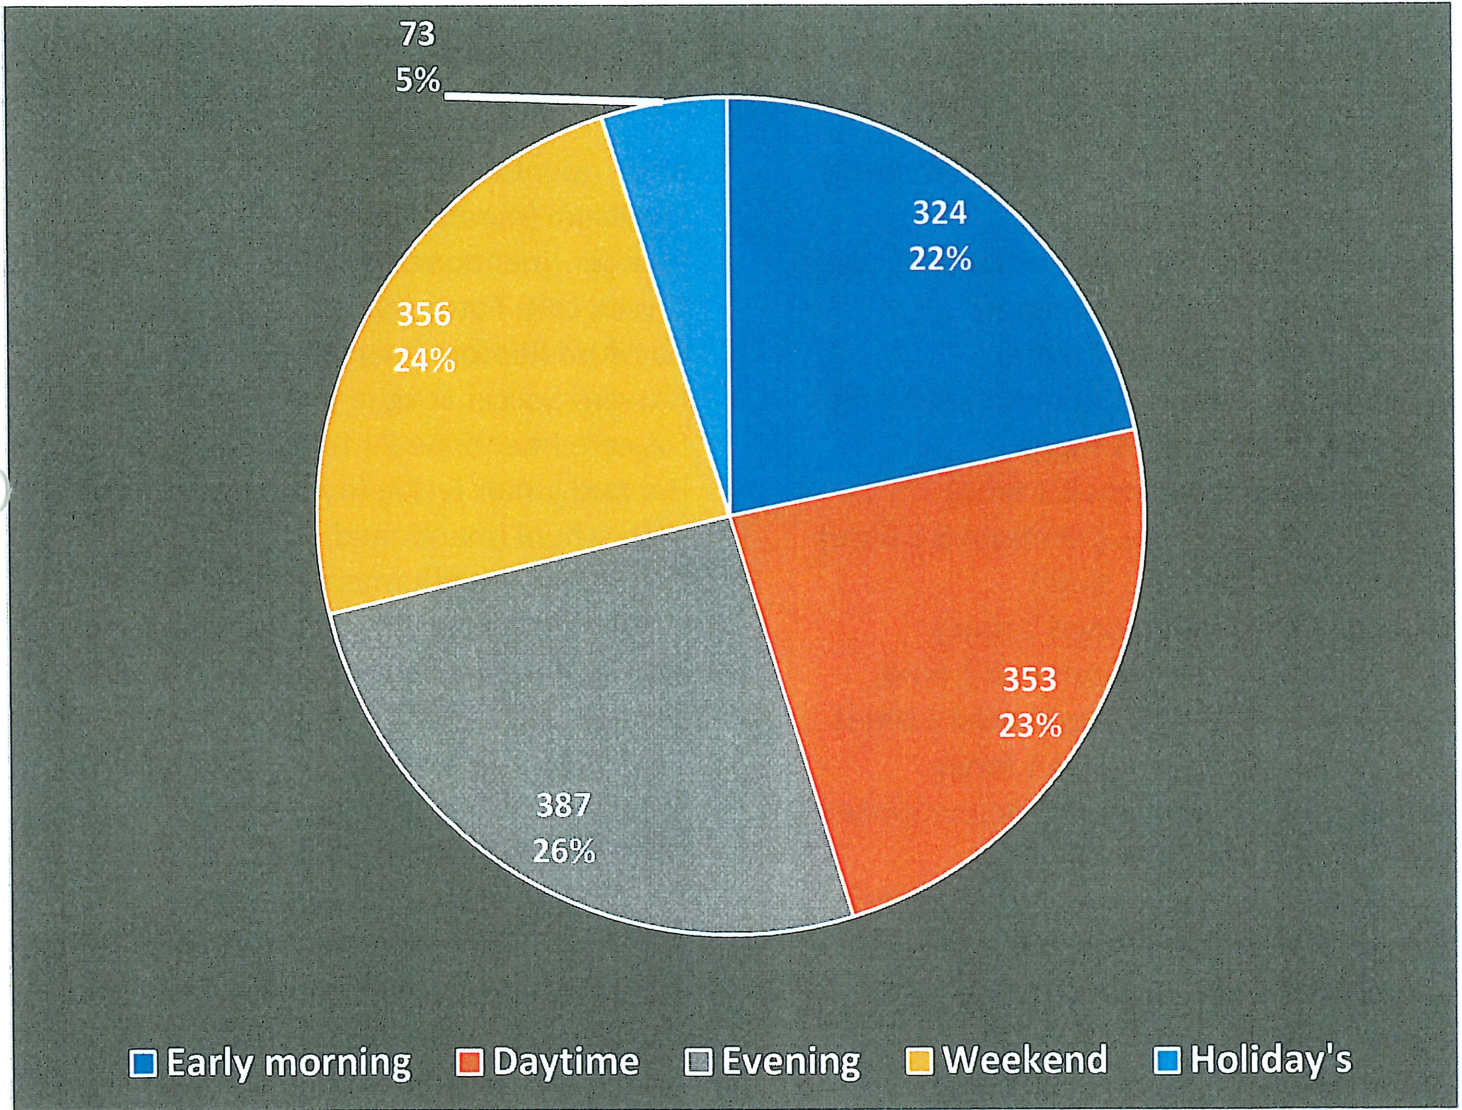

- ARC (Arlington Ridge Center) 1
- Chicago Athletic Clubs 1
- Chicago Park District 1
- Peak Fitness1
- TBK Complex in Bettendorf, IA 1
- Lifetime Fitness 1
- Waukegan Field House 1
- Kempsville recreation center, Virginia Beach 1
- Rakow Center, Carpentersville 1
- Schaumburg Rec Center 1
- Wheeling 1
- Whitewater, WI 1
- Milton, WI 1

### 17. What are your expectations regarding the operating hours of a potential recreation center? (Select all that apply)

Respondents were asked to select what their expectations are for operating hours of a potential recreation center. The following graph summarizes the key findings.

- Ninety-Five Percent (95%) of respondents selected all options, excluding holidays.
  - Total Responses: 442 Total (English: 427, Spanish: 15)

**18. Do you have any suggestions for potential partnerships or collaborations that a potential recreation center could establish with local organizations or businesses to enhance its offerings? (Please specify)**

Respondents were asked about potential partnerships to enhance offerings at a potential recreation center. The following graph summarizes the key findings.

- Forty-Four Percent (44%) of respondents stated they have resided in Harvard for more than 20 years.
  - Total Responses: 81 Total (English: 80, Spanish: 1)

Mercy Health System (mentioned 6 times)	Nicor (mentioned 1 time)
YMCA (mentioned 5 times)	Spectrum (mentioned 1 time)
Harvard Diggins Library (mentioned 2 times)	Frontier (mentioned 1 time)
Woodstock (mentioned 2 times)	Crystal Lake Force (mentioned 1 time)
True Value (mentioned 1 time)	Rockford Raptors (mentioned 1 time)
McDonald's restaurant (mentioned 1 time)	Harvard Soccer League (mentioned 1 time)
Walmart (mentioned 1 time)	Daycare (mentioned 1 time)
Pound Bakery (mentioned 1 time)	Harvard junior tackle (mentioned 2 times)
First Place Promotions (mentioned 1 time)	High school (mentioned 2 times)
JS Lanes (mentioned 1 time)	Community health (mentioned 2 times)
Harvard Chevy (mentioned 1 time)	Northwestern Health (mentioned 2 times)
First National Bank (mentioned 1 time)	Harvard landscaping companies (mentioned 1 time)

Arturo Flores American Family (mentioned 1 time)

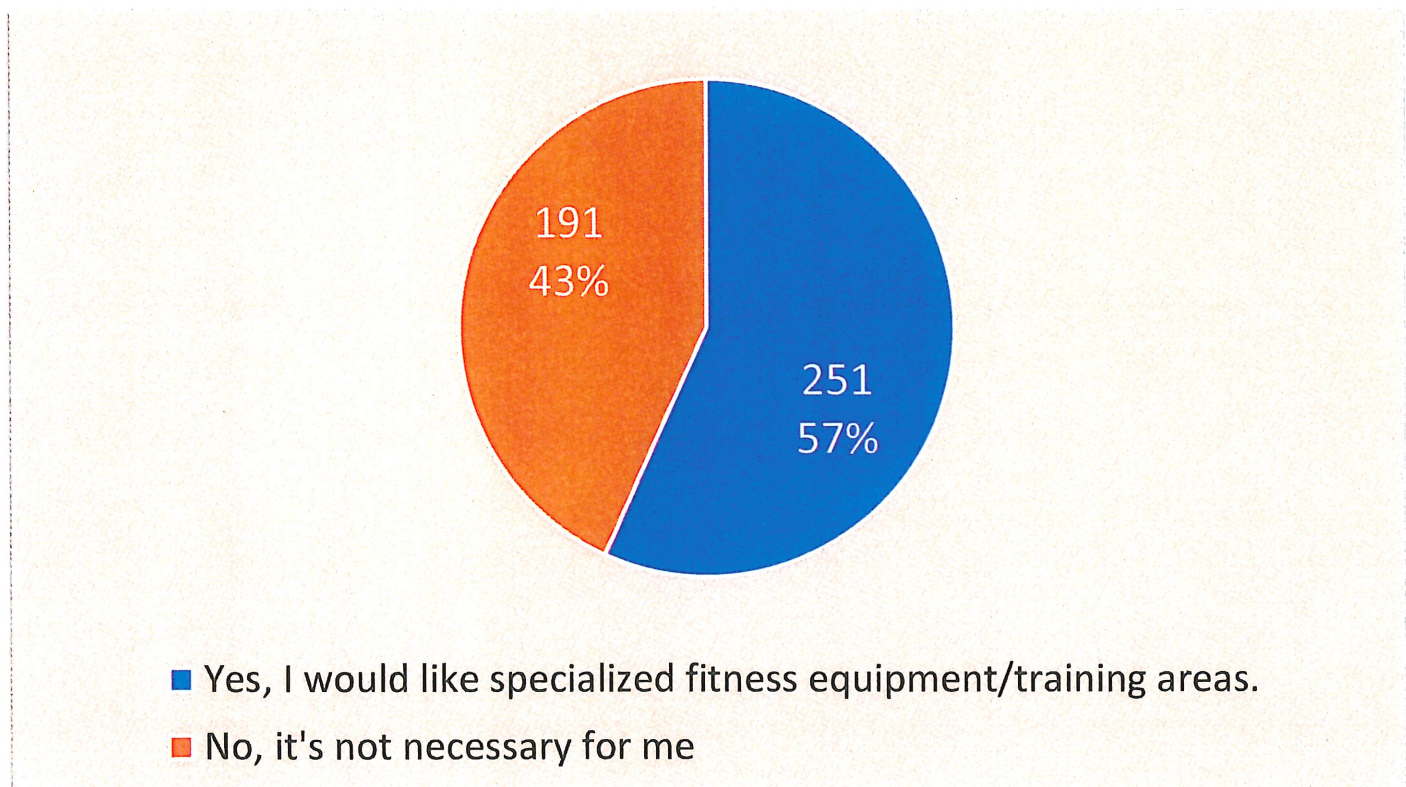

Rush Creek Distillery (mentioned 1 time)

Chivari Music Studio (mentioned 1 time)

### 19. Would you like a potential recreation center to offer any specialized fitness equipment or training areas? (e.g., CrossFit area, dedicated weightlifting area)

Respondents were asked about the need for specialized fitness equipment or training areas in a potential recreation center. The following graph summarizes the key findings.

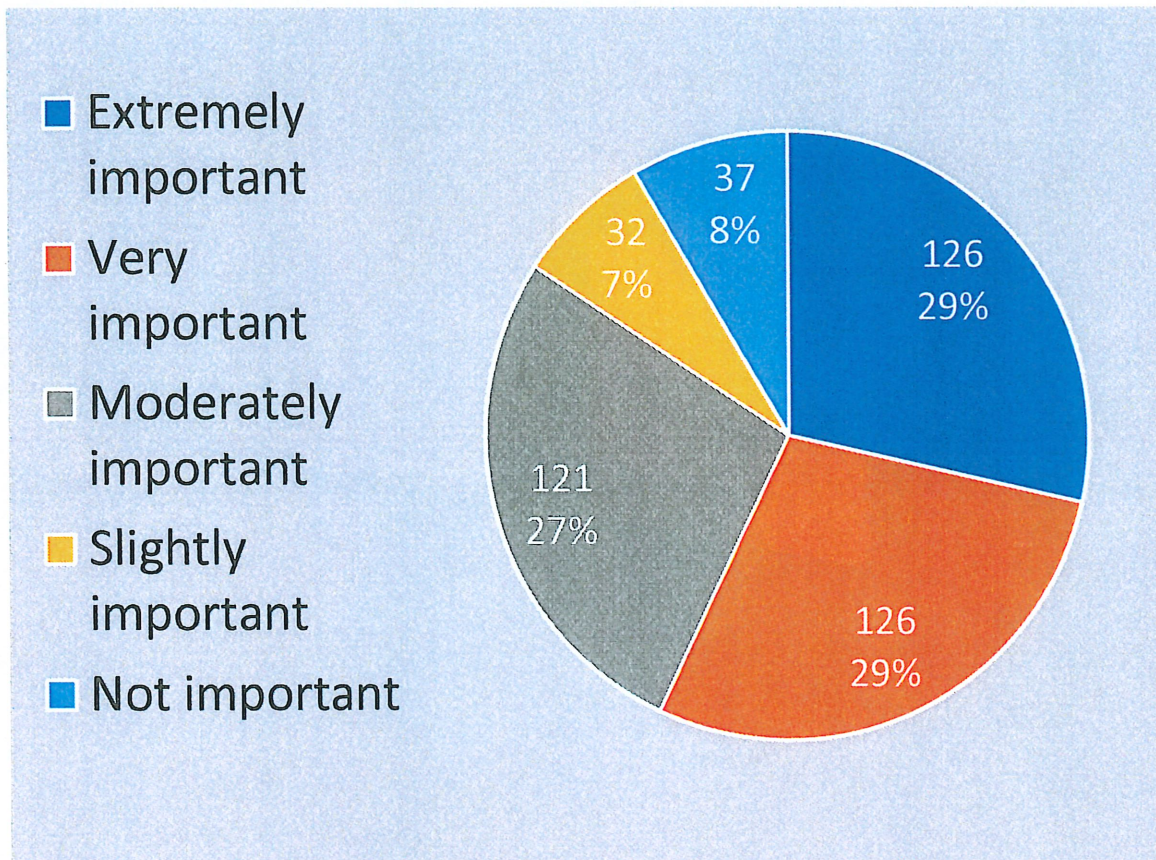

- Fifty-Seven Percent (57%) of respondents stated they would like specialized fitness equipment and or training areas.
  - Total Responses: 442 Total (English: 427, Spanish: 15)

## 20. How important is it for a potential recreation center to have a dedicated space for indoor/outdoor group activities (e.g., yoga, dance, martial arts)?

Respondents were asked about the desire for dedicated space for group activities at a potential recreation center. The following graph summarizes the key findings.

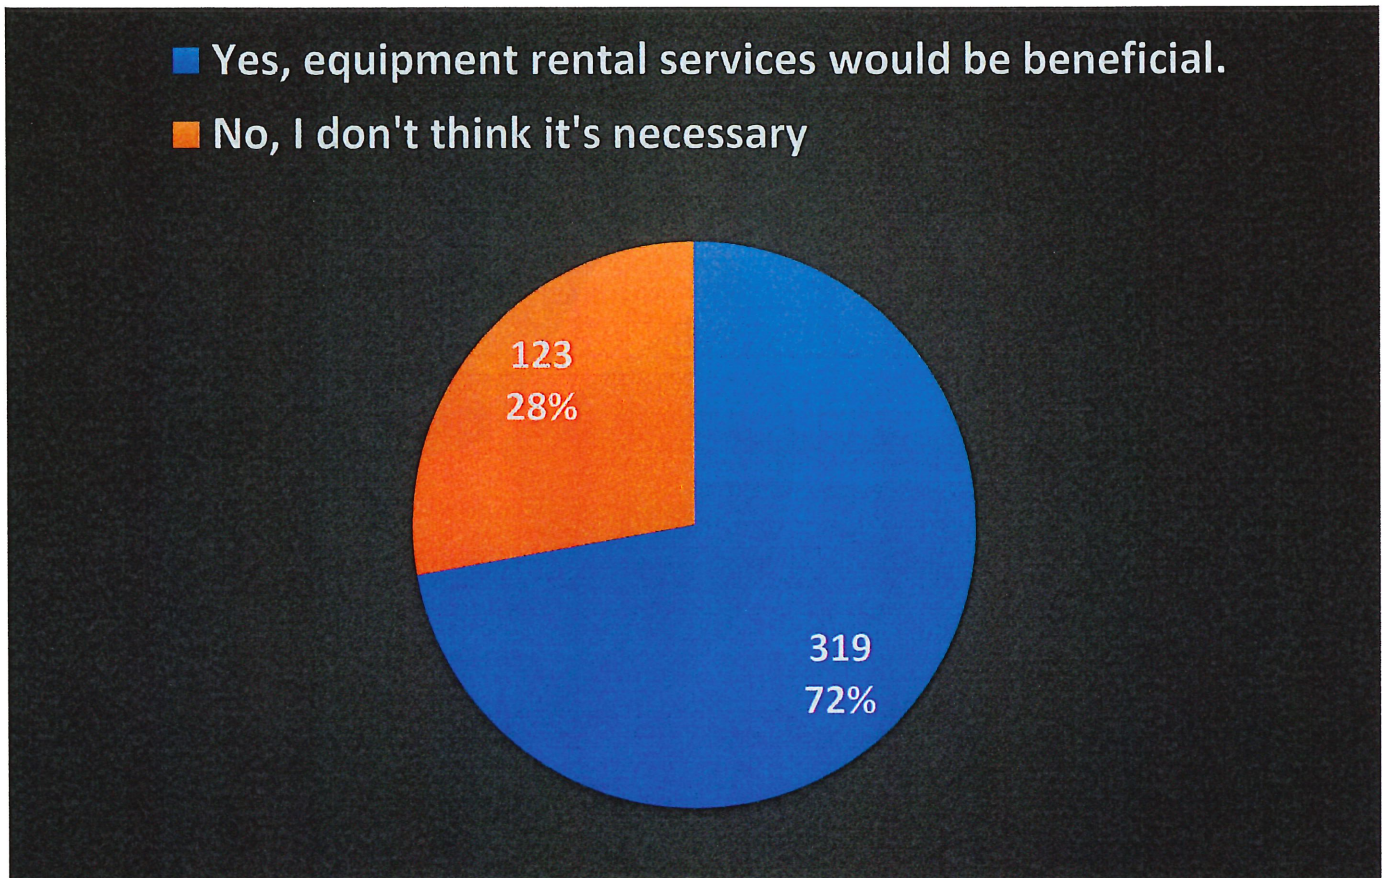

- Fifty-Eight Percent (58%) of respondents selected extremely or very important.
  - Total Responses: 442 Total (English: 427, Spanish: 15)

## 21. Should a potential recreation center provide equipment rental services for activities such as basketballs, tennis rackets, or fitness gear?

Respondents were asked to select if a potential recreation center should provide equipment rental services. The following graph summarizes the key findings.

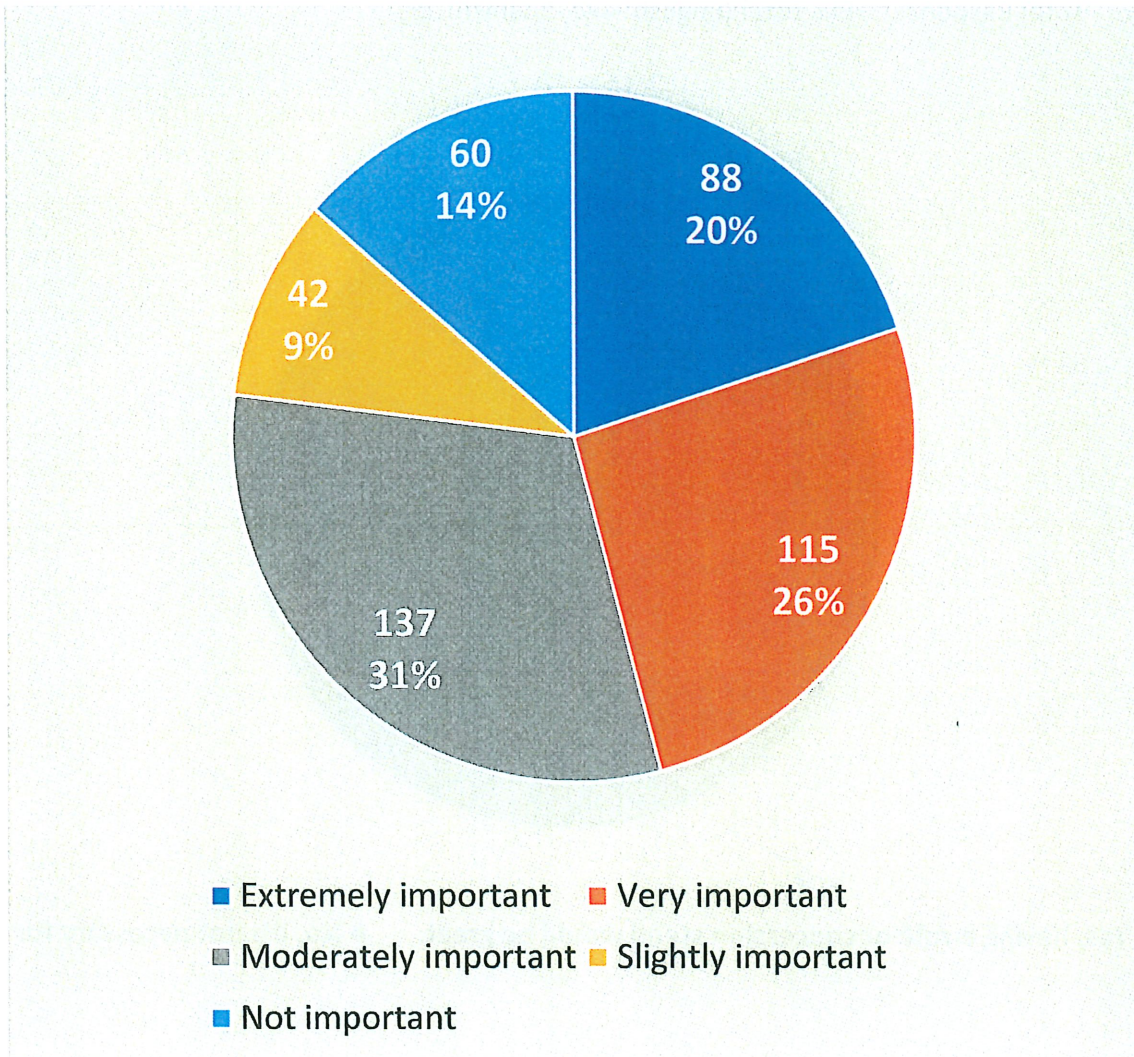

- Seventy-Two Percent (72%) of respondents selected that rental services would be beneficial.
  - Total Responses: 442 Total (English: 427, Spanish: 15)

## 22. How important is it for a potential recreation center to have childcare services or a supervised play area for parents utilizing the facility?

Respondents were asked to select if childcare services should be available in a potential recreation center. The following graph summarizes the key findings.

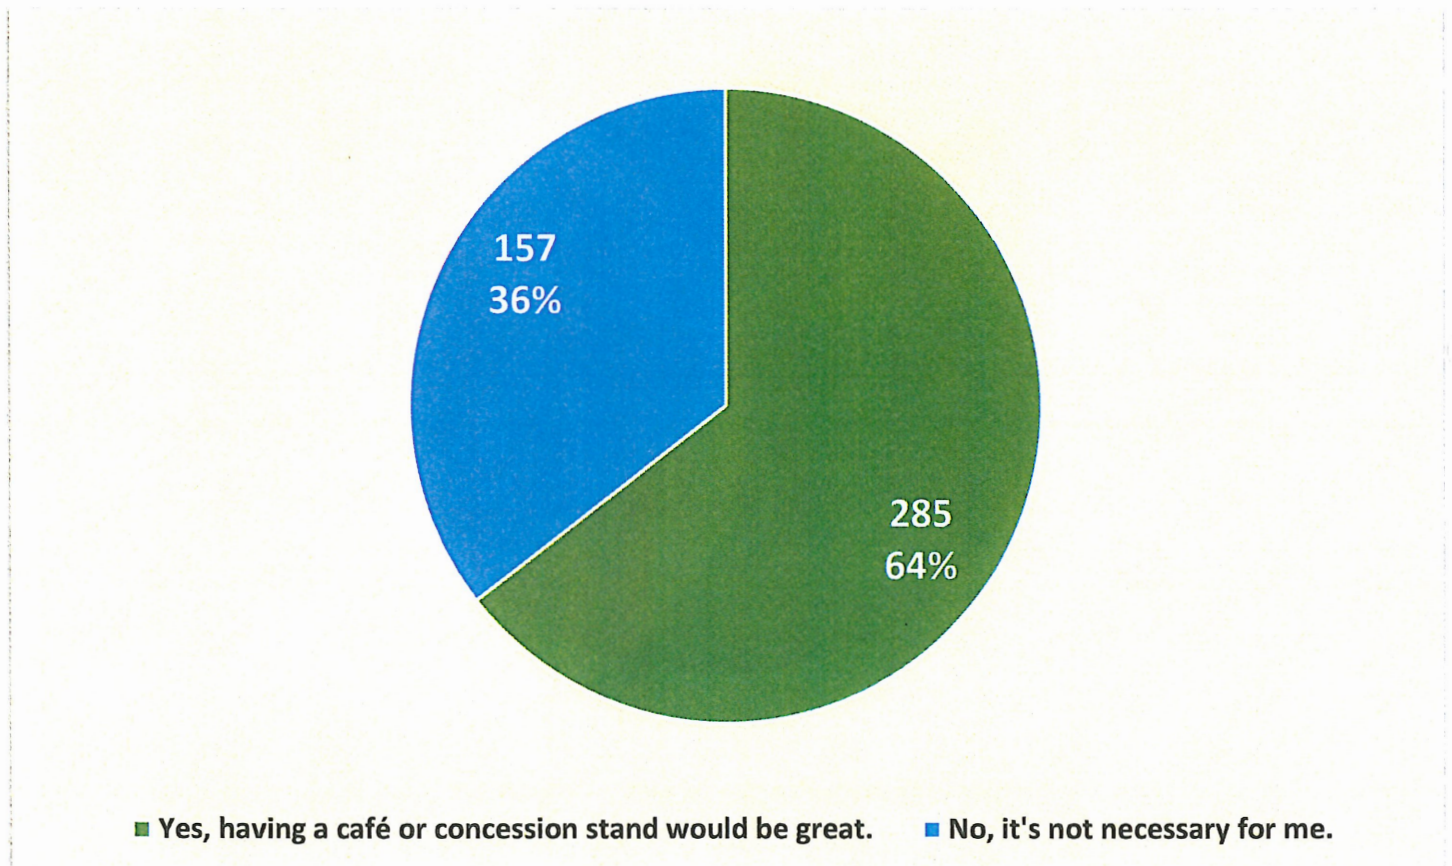

- Thirty-One Percent (31%) of respondents stated it would be moderately important.
  - Total Responses: 442 Total (English: 427, Spanish: 15)

### 23. Would you like a potential recreation center to have a café or concession stand that offers snacks, beverages, or healthy food options?

Respondents were asked to select specific programs or activities they would like to see offered in the potential recreation center. The following graph summarizes the key findings.

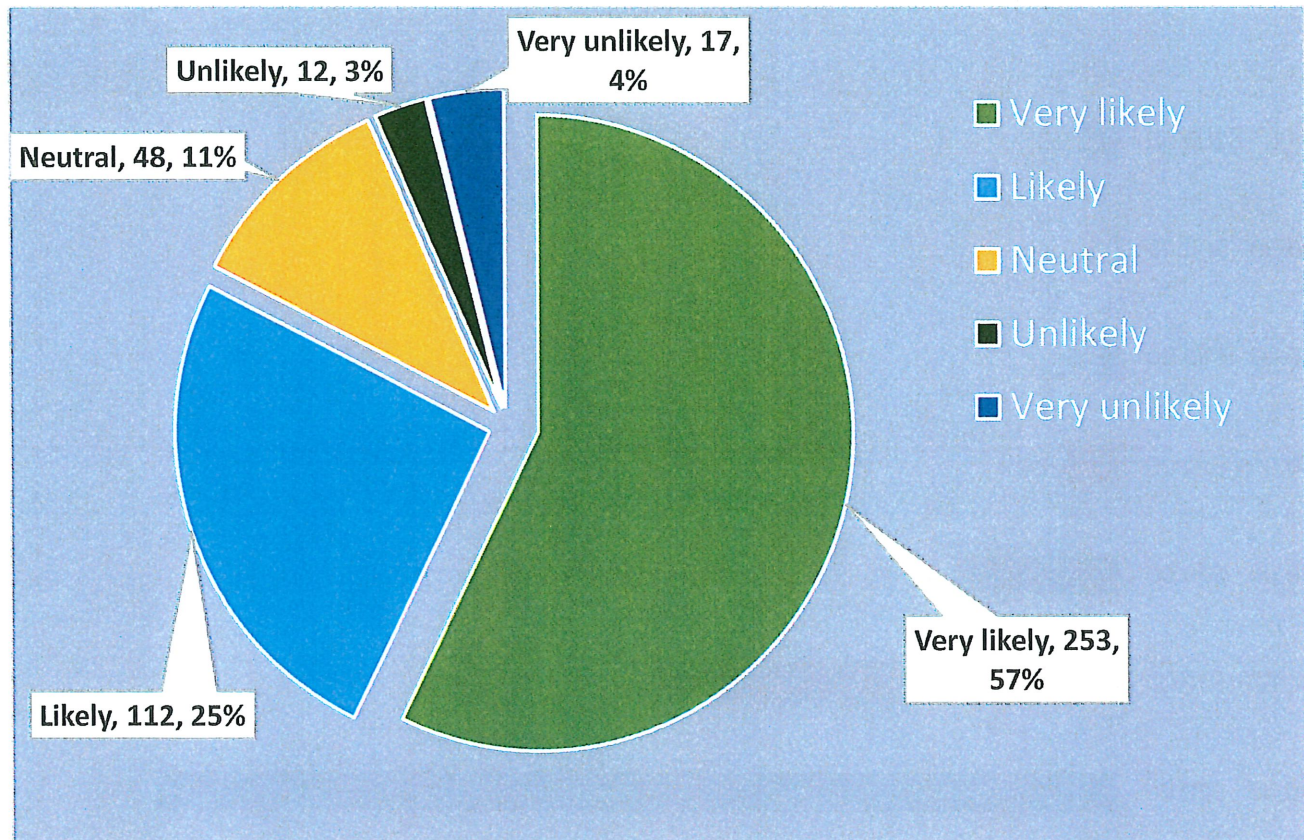

- Sixty-Four Percent (64%) of respondents selected that having a café would be great.
  - Total Responses: 442 Total (English: 427, Spanish: 15)

## 24. How likely are you to become a member of a potential recreation center?

Respondents were asked to how likely they would become a member of a recreation center here in Harvard. The following graph summarizes the key findings.

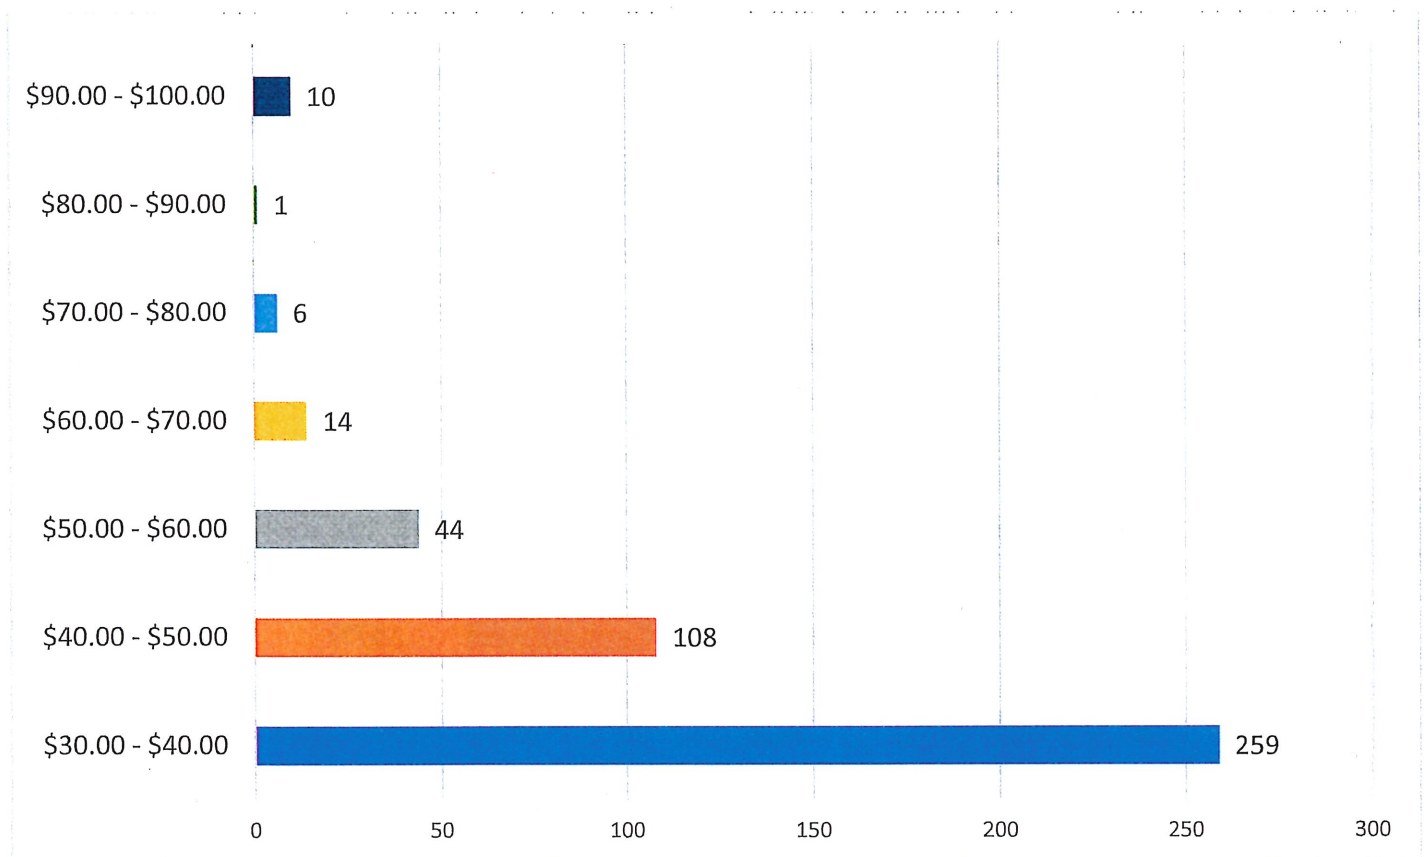

- Fifty-Seven Percent (57%) of respondents selected vary likely.
  - Total Responses: 442 Total (English: 427, Spanish: 15)

## 25. What price range for individual membership fees on a monthly basis would you consider reasonable?

Respondents were asked to select what they felt was a reasonable cost for a monthly membership fee for a recreation center here in Harvard. The following graph summarizes the key findings.

- Fifty-Nine Percent (59%) of respondents selected the price range of \$30.00- \$40.00 for a monthly membership cost.
  - Total Responses: 442 Total (English: 427, Spanish: 15)

# That's Not All- We've Got **BIG** News!

We have an extensive lineup of new products that we're eager to share with you! Here's a sneak peek at our latest innovations and how they'll challenge, excite, and inspire your community.

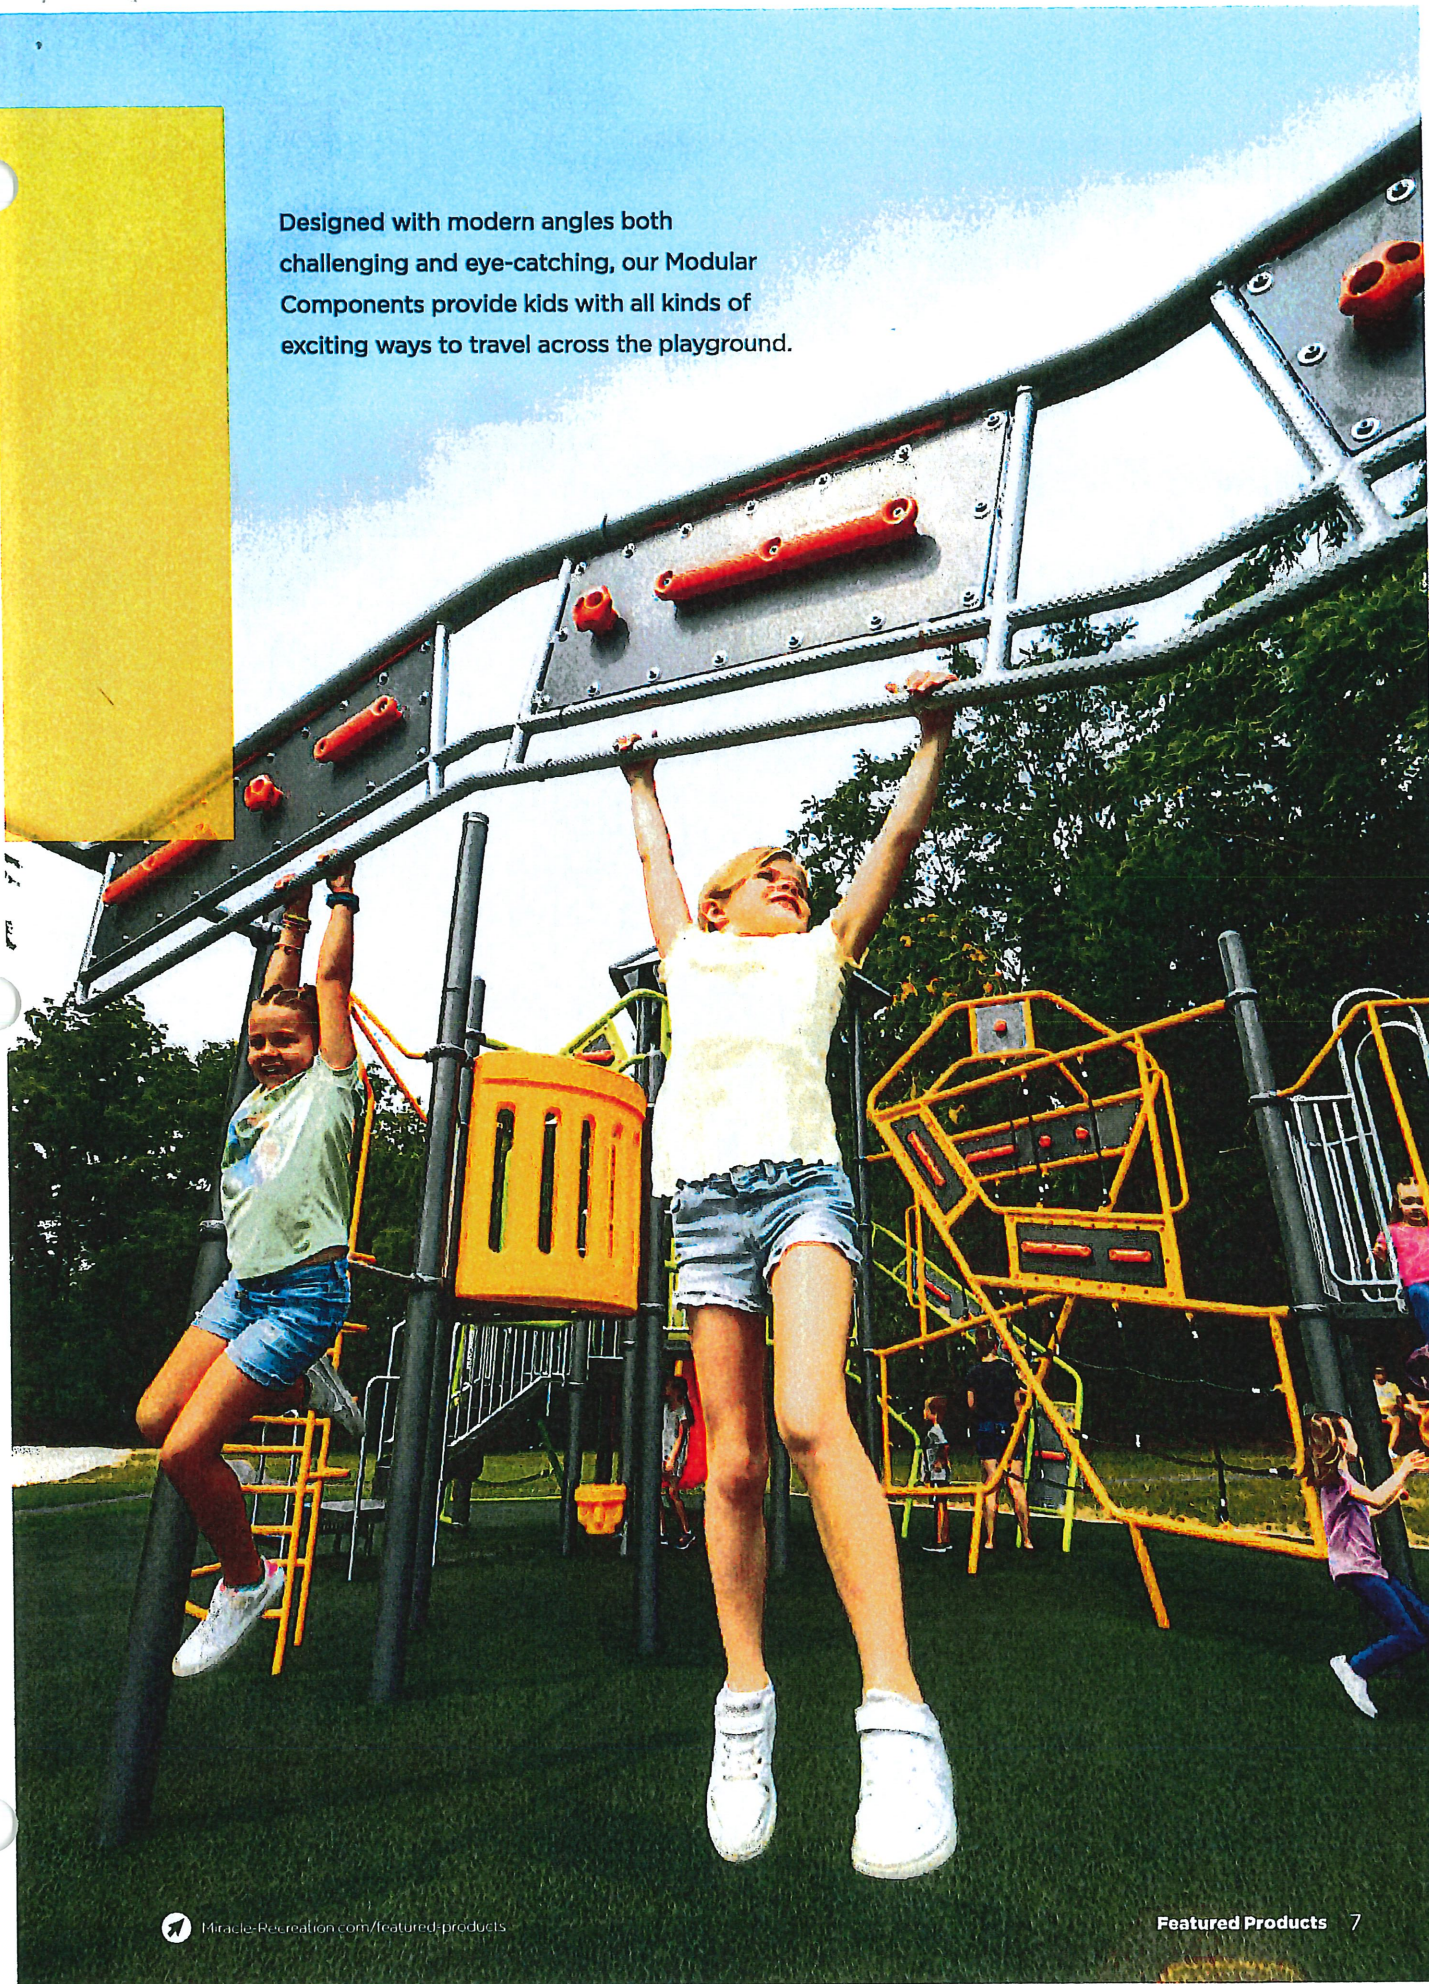

Take on a new challenge with Champions Trek™! As kids climb, balance, and stretch their way across our latest obstacles, they'll be paving the path for stronger skillsets and deeper friendships.

It's never too early to play—our new Early Childhood products invite children ages 2 - 5 to explore alongside the rest of their community!

Designed with modern angles both challenging and eye-catching, our Modular Components provide kids with all kinds of exciting ways to travel across the playground.

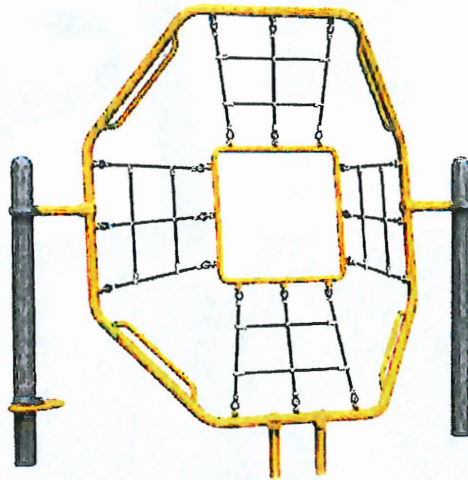

Kids should be free to explore on their own terms. That's why we design versatile, open-ended equipment like Physics® Moon and Hyperbolix™, allowing kids to build their decision-making and leadership skills as well as their independence.

# One Last Glance at Our Featured Products!
