

Harvard Police Department  
Press Release  
12-01-17

*All Individuals listed as arrested or charged with a crime in this  
press release are presumed innocent until proven guilty*

**CITY OF HARVARD NOTIFICATIONS**

On Friday, December 01, 2017, the Harvard Police Department is pleased to announce an online notification system through the City of Harvard website; [www.cityofharvard.org](http://www.cityofharvard.org).

The purpose of the online notification is to provide Harvard Residents an easier way to request or report things such as; overnight on-street parking, house checks, road obstructions or hazards, street light outages amongst a variety of other things. Once a request is completed and submitted the appropriate City Department is notified of the report and what is requested so action can be taken.

Although coming into the police department or calling dispatch is still an option we encourage residents to utilize this new notification system.
